November, 2010

Dear Honorable Black Diamond City Council Members and Citizens:

I am pleased to present you with a balanced budget for 2011. Although we have preserved essential core services and completed several projects, we did not use any fund balance in 2010. With the current economic outlook, we must strive to build our fund balance knowing that 2012 may be an even bigger budgetary challenge. This budget was formulated assuming that both liquor initiatives (1100 & 1105) would pass. It now appears that both failed. If that is the case, we will receive an additional \$13,000 revenue in 2011 which will go to the reserve fund. Any savings or unspent revenue will be put into the reserve fund unless there is an emergency.

The Preliminary 2011 Budget has expected General Fund revenue of \$4,544,963, a budget decrease of \$440,505 which does not include fund balance. This reduction is primarily due to the completion of the developer funded Master Planned Development Environmental Impact Statement last year but also includes reduced revenue due to utility taxes, state sales tax to cities, permitting and land use fees, police traffic school fees and court fees.

General Fund expenditures have been reduced by \$506,407 which includes the reduction due to the completion of the developer funded Master Planned Development Environmental Impact Statement last year and other reductions as a result of the freeze on the Police Commander and one officer positions and the City Administrator position. All departments were asked to reduce their budgets which they did. No COLAs will be given to non-represented employees. Management volunteered to again forego any non-union step increases but, recognizing the importance of keeping valuable and knowledgeable employees with history and continuity with the City, requested that their support staff be given a step increase when appropriate since no one received increases in 2010. Furlough days were reduced from thirteen (13) to five (5) for non-union, non-Civil Service and utility employees. City Hall will be closed those five days in 2011, on July 5, September 2, October 10, December 23, and December 30. There was an increase in expenditures because of the new Animal Control Agreement we have with King County and the requirement to for EMS Management. Fortunately, reductions have offset these increases.

In late 2008, Association of Washington Cities notified members that Regence Plan A and Plan B medical plans will be terminated on January 1, 2012. Since Regence Plan B is one of the medical insurance plans the City offers employees, staff was directed to review options for the City and make recommendations for a replacement plan. With the economy in recession and the revenue shortfall the City is experiencing, it was decided to target January 1, 2011 as the start date for participation in the new plan. At the current level of staffing, savings across all funds realized by the City after switching to the recommended medical

plan is approximately \$34,000. Also, new to this year's budget is a change to employee premium sharing. The proposed budget provides that the City will provide 100% of the premium cost for all non-represented employees and 75% percent of the premium cost for dependent coverage, for additional savings.

The City operates three utilities: Wastewater (sewer), Water and Stormwater. The Stormwater Utility was adopted in 2009 and provides funding to be in compliance with state and federal mandates. As part of a Department of Ecology Stormwater Grant, all catch basins in the City were cleaned this year. For the Water Fund, we are continuing the installation of new water meters as well as other needed maintenance. Work on the Infiltration and Inflow Reduction Program (Wastewater) will begin in the Spring of 2011. Because of decreased Utilities Fund balance and increased costs, all rates will be reviewed by Council in December of this year.

In addition to the three utilities, the Public Works Department also manages City streets and roads. Street projects completed in 2010 include Railroad Avenue (Transportation Improvement Board Grant), Morgan Street Sidewalk (Community Development Block Grant; Transportation Improvement Grant) and the 232nd Street Overlay (Transportation Improvement Grant). We also purchased a used dump truck. Because of the increased work load in Public Works, a new position of Public Works Administrative Assistant III was established. This position was filled in August, 2010.

I continue to be impressed by the hard work and expertise of all staff and the support of Council and our citizens. 2010 has been an extremely busy year for all of us and some major decisions have been made which will affect the future of our City. I want to take this opportunity to thank everyone for their continued support.

Rebecca Olness, Mayor

City of Black Diamond

History of Black Diamond, Washington

Black Diamond incorporated in 1959, but has had a much longer history as a historic town in Washington. Black Diamond was first established as a community in the late 1880s for the mining of coal. At the turn of the century the town was a major exporter of coal in the region. The Pacific Coast Coal Company in Black Diamond became the largest coal mining operations on the West Coast. Some historic buildings retain their original locations. In 2010, Black Diamond's historic Railroad Avenue was updated and refurbished making a great improvement to the Historic Museum and Black Diamond Bakery area.

Black Diamond offers a warm and friendly rural, small town atmosphere with spectacular mountain views. The city is nestled in the foothills within miles of the beautiful Green River Gorge and Flaming Geyser Park.

The City is on the verge of growth. At 4,190 citizens, population projections may reach above 20,000 in the next 20 years. Over the past several years, major annexations have increased the population and acreage of Black Diamond. The annexation of the Lake Sawyer area in 1998 doubled the number of citizens. Recent annexations in the City's urban growth area have increased the city's size by approximately 1,600 acres.

Unlike other communities, the city has stood firm to its vision and growth strategies as identified with the community and captured in the 1996 Comprehensive Plan. As the final pieces fall into place, Black Diamond is in the position to allow growth to occur in a well-planned, environmentally sensitive manner that protects the rural character of our community.

Form of Government

The City is a "Code City" as described under Title 35A in the Revised Code of Washington. Black Diamond operates under a strong mayor form of government with five elected council members serving staggered four-year terms. The mayor serves as the chief administrative officer of the city and has hired a city administrator to assist in day-to-day operations. The Council acts as the legislative body. When the City reaches a population of 5,000 state law requires expansion to a seven-member council. The City is served by Congressional District 8 and Legislative Districts 47 and 5.

Budget Process

Budgeting is an essential element of the financial planning, control and evaluation process of government. The planning process involves determining the types and levels of services to be provided by the various departments, programs and functions.

The City of Black Diamond budgets annually on the calendar year beginning January 1 and ending December 31. Budget adjustments are limited by state law (35A.33.120). Allocations are made based on a fund structure, limiting uses outside of each fund. Funds are segregated to carry on specific objectives. Funds are budgeted on a cash basis in accordance with the Revised Code of Washington, RCW 35.33. Appropriations in the budget constitute maximum expenditure authorizations during the year and cannot be legally exceeded until subsequently amended by the City Council.

Preston Bradbury, Black Diamond's 2010 Chief for a Day

City of Black Diamond Final Budget 2011

How Black Diamond serves the Community

The City of Black Diamond strives to provide a safe and enjoyable environment for residents, businesses and visitors alike. Foremost, safety is a priority in Black Diamond. Our City's police, and Fire District 44's fire and emergency service employees are both dedicated and top notch. City employees provide other important services such as road maintenance, community development, code enforcement, a municipal court and water utility services, stormwater management and wastewater utility billing. Utility and maintenance workers also maintain our local parks and the cemetery.

Black Diamond has an active local community center and unique historical museum operated by nonprofits but which receive limited financial assistance from the City. Support staff keeps everything in the City running smoothly, and the City Council and Mayor work together to respond to citizen concerns and to carefully direct the future of Black Diamond. The City has a bi-monthly newsletter that is packed with important community information, and our website at www.ci.blackdiamond.wa.us is another great resource for information. Public hearings and City Council meetings are held regularly and are open to the public. Everyone is encouraged to attend and participate.

SET THE STATE OF THE SECOND SE

City of Black Diamond Final Budget 2011

Black Diamond Vision Statement

Black Diamond will be a beautiful, friendly community based on a rich historic heritage and exceptional natural setting, and with a small-town atmosphere. Forested areas and open space remain, while development maintains a healthy balance of moderate growth and economic viability.

The economic base will be a mix of retail, industrial/business park, office, tourist, and local cottage industries. Residential development will be a mix of types, sizes and densities, clustered to preserve maximum open space and to access a system of trails/bikeways/greenbelts which connect housing, shopping, employment and recreation areas with nearby regional parks and recreational facilities.

Citizens actively participate in an effective and open government decision-making process that reflects community values. There will be good cooperation among nearby jurisdictions, and adequate public services and environmental protection to provide a safe and healthy quality of life for all citizens, from children to seniors.

"Rural by Design" The term "Rural by Design" has been used frequently in newspaper articles and public meetings when discussing coming development in Black Diamond. Some time ago our City adopted a guide to development that will take place in the near future. These are the key elements of Rural by Design as envisioned by our citizens:

- Provide for a mix of uses (Residential, Community Retail, Commercial, Business Park, Mixed Uses, Civic/Schools)
- Compact Form (use of tools such as clustering)
- Opportunities for Casual Socializing (Neighborhood design, House design, Commercial areas, Parks)
- Accessible Civic Spaces (Parks, City Facilities, Trails, Community Center, Schools)
- Sense of Community (respect for local history, design)
- Preservation and enhancements of physical characteristics
- Protection of surface and groundwater (for fish and people)
- Conservation of water and other resources
- Preservation and enhancement of open spaces and views of Mt. Rainier
- Provision of employment uses
- Improvement of the City's fiscal performance
- Timely provision of necessary facilities and infrastructure
- Development of a coordinated system of pedestrian oriented facilities including trails and bicycle paths
- "Growth should pay for growth" Existing citizens should not bear the burden of developers

2011 City Council Committees

In addition to serving on the City Council, Council members also serve on Council committees for the City of Black Diamond based on their interests. They may also choose to serve on any number of intergovernmental committees. The committees meet on an as-needed basis to hear issues in each topic area. Council members provide recommendations to the full Council. Such recommendations are advisory only and any actions are made by the Council in open public meetings.

Budget, Finance and Administration Committee

Council Member Kristine Hanson Council Member Craig Goodwin

The Budget, Finance and Administration Committee in conjunction with City Staff, may consider matters related to the financial issues of the City, including the annual and capital budgets, revenues and expenditures, sales of bonds, general fiscal and financial conditions, voucher approval, rates and fees, audit and operations of the City, including but not limited to, facilities and properties, computerization, periodic budget and financial reports and policy matters related to personnel in coordination with the Finance and Administration Departments.

Cemetery/Parks Committee

Council Member Craig Goodwin
Council Member William Saas

The Parks and Cemetery Committee, in conjunction with City Staff, may consider matters related to planning and implementation of park and recreational

facilities, capital improvement program, trails and cemetery.

Planning and Community Service Committee

Council Member Bill Boston
Council Member Leih Mulvihill

The Planning and Community Services
Committee, in conjunction with City staff,
may consider matters of a non-quasi-judicial
nature related to community growth and
development, including but not limited to
planning of the physical, economic, aesthetic
and social development of the City,
comprehensive plan, zoning code and
housing, annexation policies and code
enforcement. This committee may also
consider matters not included in other
committee's scopes of authority.

Public Safety Committee

Council Member Bill Boston
Council Member Leih Mulvihill

The Public Safety Committee, in conjunction with City Staff, may consider issues related to the public health, safety and welfare of the citizens of Black Diamond including but not limited to, law enforcement, fire safety, court, hazardous materials, animal control, special events and emergency services.

Public Works Committee

Council Member Kristine Hanson Council Member William Saas

The Public Works Committee, in conjunction with City Staff, may consider matters related to water, sewer, solid waste, recycling, utility franchises, stormwater management, transportation, capital improvement program, transit, streets, street lighting, signalization and street local improvement.

Budget Summary

Lake Sawyer, Black Diamond WA

Executive Summary

Revenue

General city operations include operations of police, fire, municipal court, community development, permitting and internal services such as finance. Unrestricted funds, such as general taxes, fees and charges support the provision of those services to the citizens of Black Diamond.

Locally levied taxes represent 64.7% of Black Diamond's General Fund revenues. Taxes include real and personal property tax, local sales tax, utility taxes, real estate excise taxes and gambling taxes.

Property taxes are assessed and collected by the King County Tax Assessor's office. The great majority of property taxes go to fund schools and, to a lesser degree, King County. Property taxes have been increased due to the new property tax levy voted in April 27th, 2010 by citizens. The new property mil rate is \$2.57 per each \$1,000 in property value as assessed by King County. In 2011 approximately \$1,375,687 in property taxes will be collected. The final amount will not be known until the County sets the assessed valuation in December 2010.

Sales taxes, utility taxes and other taxes constitute a much smaller portion of the General Fund revenues. Retail sales and use taxes are dependent on retail sales of products and services in Black Diamond as well as construction. For every \$100 spent in Black Diamond \$8.60 is collected and is shared by various jurisdictions. Less than 10% of the total dollars collected comes back to the City. Sales tax revenues are budgeted at \$270,000 for 2011.

Black Diamond also levies a 6% tax on telephone, telegraph, electrical energy, natural gas, solid waste, water, sanitary sewer and stormwater services, and 1% on cable services. The 2011 budget includes \$476,200 in utility tax revenue, a decrease from 2010 due to less electric utility tax projected. All utility taxes received are used to fund public safety.

The City of Black Diamond collects taxes on gambling activities as allowed by the State of Washington. Currently, the City receives gambling taxes on pull-tabs and punchboards and other amusement devices. The amount of \$4,500 is anticipated for 2011. This is also used to support public safety programs.

Licenses and permits, intergovernmental revenue, charges for services, fines and forfeitures, miscellaneous revenue and the Funding Agreement make up the remainder of the City's revenue sources.

Business Licenses are designed to cover the cost of administration, inspection and other services for occupations, trades and activities regulated by the City. Due to the downturn in the economy, 2011 business license revenue is projected to decrease 5% to \$25,600. Cable franchise fees at 5% are expected to contribute \$55,500 this year, and guns and fingerprinting revenue is forecast at \$1,200.

Executive Summary, cont.

Land use and permitting fees are fees associated with community development. Due to the recent downturn in the economy, a major slowdown of home building and improvements has taken hold on the area. The revenue projected in 2011 is a conservative \$66,000.

Intergovernmental revenues include grants, entitlements, shared revenues and payments for goods and services provided to the City from the state or other governmental entities. They include per capita distributed revenues such as \$38,806 for liquor excise tax and profits, \$91,500 for motor vehicle fuel tax, \$53,511 for King County Emergency Medical Services revenue and \$45,200 for miscellaneous state and federal grants. Black Diamond also receives local government assistance funds that provide ongoing State financial support to cities with a low sales tax base. \$51,865 is expected in this revenue source.

Charges for services cover a multitude of City functions, including records services, copies of maps, publications and other documents and passport fees. Miscellaneous charges for 2011 have been estimated at \$32,000. Parking at Lake Sawyer boat launch is forecast to be \$16,000, and Police Traffic School is expected to bring in \$20,000 in 2011.

Fines and forfeitures represent the City's portion collected on citations and other Municipal Court fees. The amount is projected at \$135,000 for 2011.

Miscellaneous revenues include \$1,700 of interest on investments, \$1,500 for the sale of surplus equipment, and \$3,500 forecast for other miscellaneous revenue.

The City of Black Diamond's budget also includes revenues from a developer funding agreement approved by the City Council in mid-2007. The agreement provides for up to \$2 million per year for City staffing costs plus associated funding for various capital outlays and consultant fees. General Fund revenues from the funding agreement are estimated at \$1,466,851 for 2011, and one time only MPD (Master Planned Development) revenue at \$235,000.

Special Revenue Funds in the budget are limited to uses designated by State law. The City of Black Diamond has established a fund for collection of the real estate excise tax. The tax is authorized by RCW 82.02.020. The tax is levied at two quarter-of-a-percent rates on the sales price of real estate. State law restricts the usage of those revenues specifically to certain capital projects outlined in approved capital plans. For 2011, the City estimates each ½ percent of REET revenue at \$30,000.

The City of Black Diamond also operates sewer, water and stormwater utilities. Utilities operate separately from the General Fund budget as Enterprise Funds with revenues flowing from rate charges and fees. Sewer revenues for 2011 are estimated at \$756,921 which includes a METRO increase of \$60,896, water revenues at \$592,225 plus developer debt reimbursement of \$686,446 equaling \$1,278,671, and stormwater revenue at \$324,274. The Stormwater rate will increase from \$11.50 to \$13.00 monthly approved by City Council in 2009.

Executive Summary, cont.

Expenditures

Just as the City of Black Diamond must document projected revenue, it must document how it will expend funds. In Washington cities, expenditures (uses) can never exceed projected revenues (sources). Each fund must balance independently. State law requires the City of Black Diamond to establish and maintain a balanced budget. Therefore, sources and uses for all funds 2011 are budgeted at \$11,042,293.

The Black Diamond City Council has clearly made maintaining efficiency and effectiveness of municipal services at the lowest possible cost to taxpayers a primary objective. This fiscal prudence is reflected in current projected expenditures.

The majority of the General Fund expenditures fund Public Safety services—Police, Fire, Prosecuting Attorney and Municipal Court. Together, those services comprise \$2,412,060 or 53% of General Fund expenditures, or 85% of the General Fund when factoring out funding positions.

In 2011, the City Council froze hiring of one Police Officer position, the City Administrator position, and is continuing to freeze the Police Commander position. An Administrative Assistant 3 position was added as a Funding position to Public Works in 2010 to assist in technical analysis and reporting. Another funding position, an associate planner was converted from contract to regular status.

All departments were asked to make cuts to their budgets. The City changed health insurance plans bringing down costs for 2011 and furlough days have been cut to 5 from 13. During those five days City Hall will be closed. There were no cost of living adjustments for non-commissioned police employees and management agreed to forgo step increases in 2011. These efforts helped to bring the budget into balance for the upcoming year.

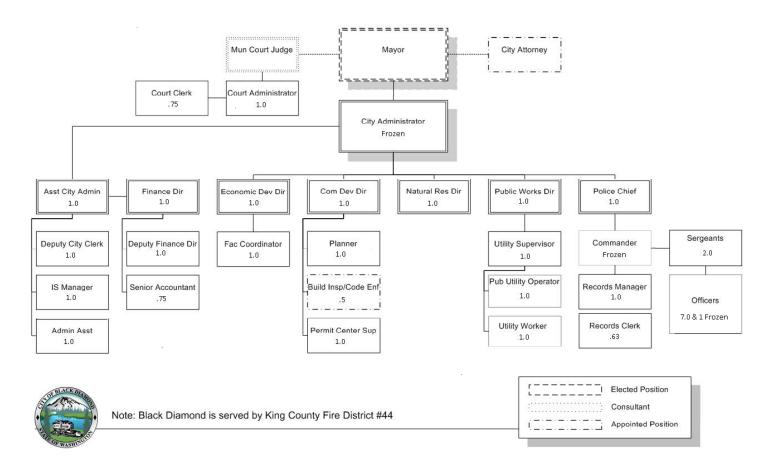

Street

As a Special Revenue Fund, the Street Fund is primarily supported by gas tax revenues, grants and right-of-way permits. Funding for 2011 includes \$91,500 in gas tax revenue and \$5,000 in right-of-way permits. Transfers in to the reserve fund for street equipment replacement totals \$40,325, which will add to the \$179,295 balance from 2010. A slope mower, used 2-3 ton utility truck and new radios for utility vehicles are planned to be purchased in 2011 from the PW Equipment Replacement Fund bringing down the reserve by \$105,000.

2011 General Fund Revenue Sources

Total General Fund revenue sources are estimated at \$4,544,963 for 2011. The following chart reflects the 2011 General Operating Revenue budget of \$2,871,302. This is an increase of \$188,335 or 7% above 2010's Amended Budget. A pie chart on the last page of this section includes all General Fund revenue sources.

General Fund Taxes

Locally levied taxes represent Black Diamond's largest portion of revenues of \$2,126,387 or 74.1% of the City's General Fund operating revenue. Taxes include real and personal property tax, local sales tax, utility taxes on utility services (water, sewer, electric, gas, cable and telephone) and gambling taxes. An overall increase of \$378,788 or 38% is anticipated in 2011 due to the Public Safety Voted Levy in 2011. This is slightly offset by a \$34,150 reduction in forecasted electric utility tax collections.

Total \$2,126,387

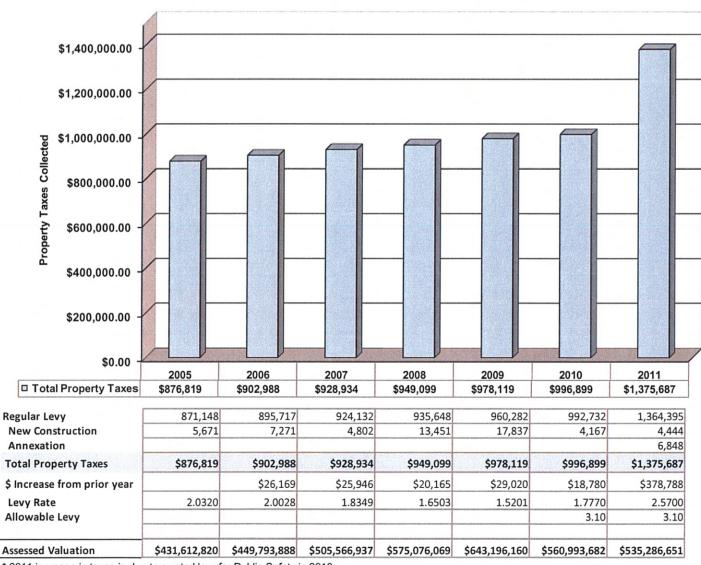

2011 General Fund Revenue Sources

Property Tax

Property taxes make up 64.7% of General Fund tax revenue and are expected to generate \$1,375,687 in revenue for the City in 2011, an increase of 38%. The Public Safety Levy approved by voters in 2010 is the reason for this increase; as the new levy replaced the prior Public Safety Levy due to expire. The City's levy rate in 2011 is \$2.57 per each \$1,000 of assessed value. All revenues from property taxes go directly to the General Fund to support public safety for police, fire protection and emergency services.

Total Property Tax Collection History

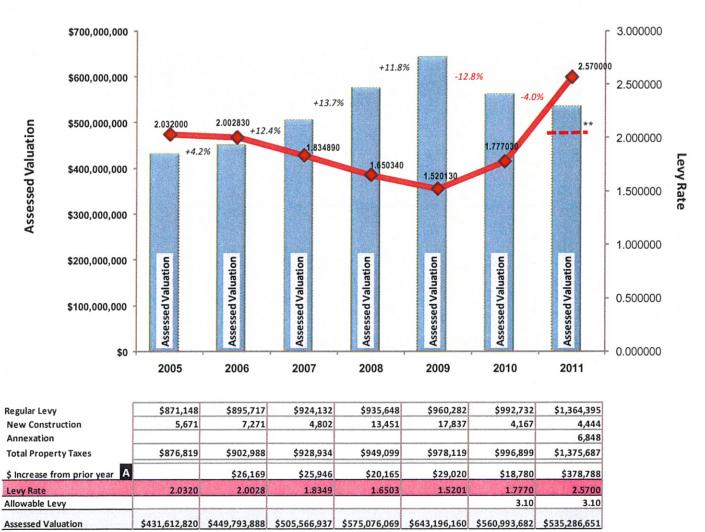

^{* 2011} increase in taxes is due to a voted levy for Public Safety in 2010

2011 General Fund Revenue Sources

The graph below shows how the levy rate is a calculation by King County. As property values increased between 2005 and 2009, the County lowered the levy rate to insure we would only receive the allowed 1% over the previous year, plus new construction. (See A in table below) In 2010 the assessed valuation decreased 12.8% and the levy rate calculated by King County increased, to ensure the City received the allowed 1% increase plus new construction. In 2010, the City had to estimate property values for 2011, which was based on the type of decrease we saw in 2010. The City used that assessed valuation estimate to calculate the new levy rate that was approved by voters this year. The rate was set at \$2.57 for 2011 and will only be allowed to increase the allowed 1% plus new construction in future years. This will cause levy rates to fluctuate as values increase and decrease.

Assessed Valuation and Levy Rate History in Black Diamond

^{* 2011} increase in taxes is due to a voted levy for Public Safety in 2010

NOTE: The levy rate, also called the mil rate is the amount taxed for each \$1,000 in property value.

^{** ---} Previously projected assessed valuation based on trend

2011 General Fund Revenue Sources

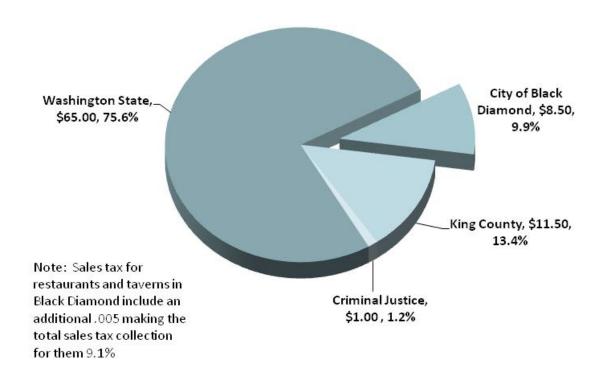

Sales Tax

Sales tax for the 2011 Budget is \$270,000 or 12.7% of Black Diamond's General Fund tax revenue. For every \$100 spent in Black Diamond, \$8.60 is collected by the State and is shared by various jurisdictions. These jurisdictions include our City, Washington State, King County and Criminal Justice programs. Black Diamond receives a bit less than 10 percent of that total.

Black Diamond's sales tax revenues are dependent on retail sales of products and services sold in Black Diamond, as well as tax on new construction. In July 2009 a new law went into effect (Sales Tax Streamlining) that shifts sales tax collections to the delivered destination rather than the place of purchase.

2011 Sales Taxes Taxed amount is 8.6% of retail sales

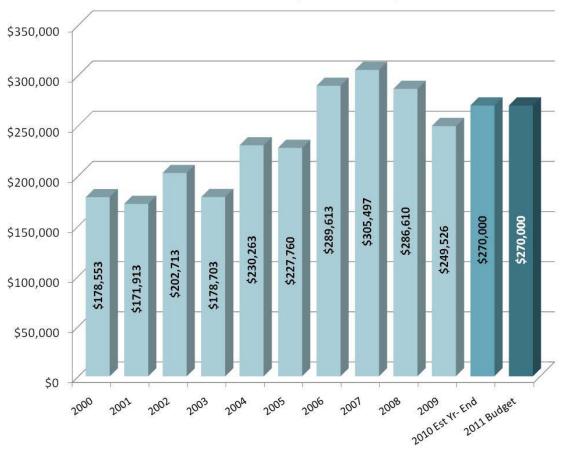

Based on a \$1,000 sale, retail sales tax is \$86.00 and is distributed in the following way:

2011 General Fund Revenue Sources

Sales Tax Collection History and 2011 Budget

Black Diamond Sales Tax over the past 12 months & % of Total

Increasing:

- 1) Food services and drinking establishments (10%)
- 2) Specialty Trade Contractors (9.4%)
- 3) Telecommunications (7.4%)
- 4) Non store retailers (destination sales tax) (7.4%)
- 5) Construction (6.2%)
- 6) Miscellaneous store retailers (5.8%)
- 7) Wholesale Trade and Durable Goods (4.7%)

Decreasing

- 1) Motor vehicles and parts (4.4%)
- 2) Gasoline Stations (4.3%)
- 3) Sporting goods, hobbies, books (2.2%)

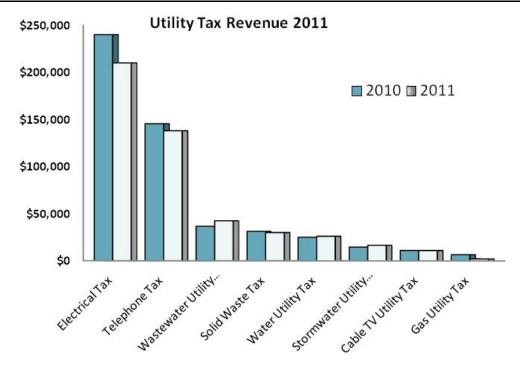

2011 General Fund Revenue Sources

Utility Taxes

Utility taxes for Black Diamond are \$476,200 or 22.5% of General Fund taxes. Black Diamond levies a 6% tax on all public and private utilities such as electric, natural gas, water, wastewater, stormwater, telephone, and 5% on cable services. An additional 1% is collected as a cable franchise fee. The decrease in this revenue source is primarily due to electrical, gas and telephone utility taxes. The mild winter and summer has decreased the gas and electric utility tax revenue. Wastewater and stormwater utility taxes are projected to increase due to pass through or adopted rate increases next year.

2011 General Fund Revenue Sources

Cable Franchise Fees, Business Licenses, Gun Permits and Fingerprinting Revenue

The City collects a 5% utility tax from cable companies plus a 1% cable franchise fee to equal the 6% utility tax paid by other utility companies. Business license, gun permit and fingerprinting fee revenue helps cover the cost of administration, inspection and other services for those occupations, trades and activities regulated by the City.

Land Use and Permitting Fees

These revenues include fees related to land use and construction activities such as plan checks and land use fees, and building, mechanical and plumbing permits. Building activities continues to remain very slow in 2010 and are projected to be the same in 2011. Revenue related to the hearing examiner has also been reduced by \$20,000 in 2011, as hearing examiner revenue has been related directly to the MPD's and is shown as a YarrowBay reimbursement.

2011 General Fund Revenue Sources

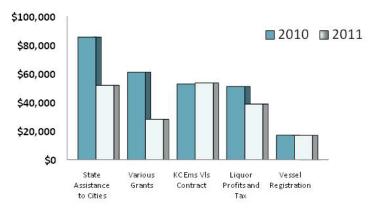

Intergovernmental Revenue

Intergovernmental revenue includes grants, entitlements, shared revenues and payments for goods and services provided to the City from the State or other governmental entities. They include per capita distributed revenues such as liquor excise and profit taxes and state and federal grants. The Police Coast Guard grants for 2009/2010 and for 2010/2011 were not rebudgeted, as it is not known if we will receive another grant from this source.

The City receives State assistance funds approved by the passage of ESSB 6050, however this funding is expected to be 30% less than received in 2010 for 2011. This legislation was intended to provide ongoing financial assistance to cities and counties that have a low sales tax base and are having difficulty providing basic services. These funds were created by diverting a small portion of the State real estate excise tax from the Public Works Trust Fund. Since these taxes have declined significantly the 2011 revenue is reduced to \$51.865 as projected by MRSC (Municipal Research). The total budget for Intergovernmental Revenue in 2011 is \$189,382, a reduction of \$78,058.

2011 General Fund Revenue Sources

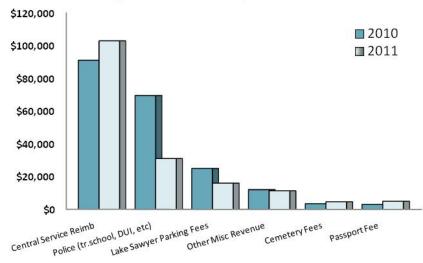

Charges for Service

This revenue category includes charges and fees for various services the City performs such as traffic and marine schools, passport services, records services, copies, maps and publications, as well as charges for the Black Diamond Cemetery and Lake Sawyer parking fees. The Central Service allocation includes street, water, wastewater and stormwater portion of cost of non-reimbursed expenses primarily for a portion of the cost for the City Clerk for code, minutes, records, advertising, telephone, computer systems, facility costs, Finance Department costs for banking and credit card fees, payroll, vendor and receipt processing, and for planning and related costs. Also a small amount of costs are also allocated for the City Council and Mayor and other staff as they work on utility related matters.

Traffic school revenue has been down due to the unfilled officer positions and related citations. The budget was reduced in 2011 by \$45,000 which is the amount expected in 2010. Parking fees for Lake Sawyer were down this year due to the cool summer and parking changes. The forecast for that revenue has been reduced by \$9,000.

2011 General Fund Revenue Sources

Municipal Court Revenue

This represents the City's portion of fines and forfeits collected on citations and other Municipal Court fees. This is always a difficult area to budget as these revenues are based on citations issued, court decisions and of course the defendant's ability to pay. Traffic infractions represent close to half of the Court's revenue. Due to Police Officer vacancies and the decrease in the number of citations, this revenue has been reduced by \$30,000, close to the amount expected in 2010.

2011 General Fund Revenue Sources

Miscellaneous Revenue

Miscellaneous revenue includes interest on investments and property and sales tax proceeds prior to their distribution, as well as the sale of surplus equipment and other miscellaneous revenue sources. Interest income continues to be minimal due to extremely low interest rates. Transfers in from the Criminal Justice Fund transfer has been reduced by \$12,000, due to the Criminal Justice funds needed to cover the annual maintenance cost of \$11,100 for the Police records software system. The first year's maintenance of the Police system was included in the initial price of the software.

Legislative Department

This section of the General Fund operating budget provides funding for the legislative branch of the City government. The department consists of five Councilmembers who are elected to serve four-year terms at large, and represent all Black Diamond residents.

The City Council accomplishes City business during regular meetings and workstudies each month. Councilmembers also serve on Council Committees which meet on an as-needed basis. Council duties include approving the annual budget, authorizing inter-local agreements and contracts and deliberating on and passing ordinances and resolutions to set City policies. Four Councilmembers receive a stipend of \$160 per month, with the Mayor Pro Tem receiving \$200 per month.

Executive Department

This General Fund contains the Mayor's budget. The Mayor is the Chief Executive Officer of Black Diamond and is directly elected by popular vote by the citizens of Black Diamond for a four-year term. Mayoral duties include overseeing City administration, presiding over all meetings of the Council, signing and enforcing all ordinances, appointing and removing appointed officials, signing contracts entered into by the City, and representing the City in meetings and events held outside of Black Diamond.

The Mayor is paid a stipend of \$1,000 per month. Other costs associated with the Mayor include communications, travel, training and other miscellaneous expenses.

Mayor Rebecca Olness

City Administration

Administration is part of the General Fund operating budget and provides funding for the overall management of the City of Black Diamond. This budget holds salary and benefits for the Assistant City Administrator, a position reimbursed 100% by the Funding Agreement. Because the Assistant City Administrator also serves as the City Clerk, non-salary expenditures associated with that position are located in the City Clerk's budget. The City Administrator position is frozen in the 2011 budget, resulting in the salary and benefit reduction.

1.0 City Administrator

City Clerk Department

The City Clerk Department is responsible for managing the City's official records, including retention, archival and destruction, and processing all requests for public records; oversight of Council meetings, including agenda development and transcribing the official minutes; providing legal notices to the public regarding City business; coordinating elections; maintaining personnel files, interpretation of personnel policies and procedures, supporting the recruiting process and also maintaining and developing the City's website.

This department includes the Deputy City Clerk. The Deputy City Clerk is allocated 60% to the General Fund and 40% to Public Works funds. Also reflected in this budget are expenses for voter costs, code updates, advertising and other Clerk related expenditures. Budgets for office supplies and training for the Assistant City Administrator who also serves as the City Clerk are found in this section of the budget, while the salaries and benefits for that position are found in the Administration budget.

1.0

Finance Department

The Finance Department is responsible for safeguarding the City's assets by insuring maximum utilization of revenues, providing financial support to City departments and recording and reporting accurate and timely financial information to the State, elected officials and to the citizens of Black Diamond.

This Department provides the services of financial planning and reporting, accounting, accounts receivable, accounts payable, payroll processing, cost accounting, business licensing, utility tax collections, cash and investment management and debt service. Finance prepares the Annual Budget, the Comprehensive Annual Financial Report, Capital Improvement Program, reports and monthly financial updates.

This department has a Finance Director and a Deputy Finance Director and a part time, (75%) Senior Accountant position. The ¾ time position is allocated 60% to the General Fund and 40% to Public Works funds. The Finance Director and Deputy Finance Director salaries and benefits are 100% reimbursed by the Funding Agreement. The increase of \$5,450 is for the General Fund portion of the State Audit costs which occur every other year.

Legal Department

The Legal Department represents the Office of the City Attorney. The General Fund portion of the budget of the City Attorney generally includes providing civil legal service, preparing and review of ordinances and other legal documents to which the City is a party, maintaining up-to-date legal research materials including pending and adopted state legislation with municipal impact and personnel matters. A percentage of legal costs are shared with the Street and Utility Fund budgets. Kenyon Disend PLLC is currently contracted to provide legal counsel for the City. Chris Bacha serves as the City Attorney.

The City Attorney also provides Black Diamond with representation on a myriad of issues, including but not limited to providing legal analysis on civil issues, property acquisitions, land use issues and comprehensive plan issues. These legal costs are included in other funds, capital projects or MPD budgets.

STATE OF WASHINGTON

City of Black Diamond Preliminary Budget 2011

Municipal Court

The Black Diamond Municipal Court is a court of limited jurisdiction, managing a caseload of approximately 1,500 to 2,400 cases each year. These cases involve infractions, misdemeanors and gross misdemeanors. Other matters such as felony cases are filed and disposed of in King County Superior Court.

Court is in session, and is open to the public the 2nd, 3rd and 4th Wednesday of each month. The Court office is open Monday through Friday from 8:30 a.m. to 5:00 p.m.

Budget for the Court includes a full-time Court Administrator, one ¾ time Court Clerk and contracted services provided by a Judge, Prosecutor and Public Defender. Budget is also needed for security and other miscellaneous expenses such as interpreters, office supplies, training and credit card fees.

Police Department

The Black Diamond Police Department is currently operating with a Chief of Police, two Patrol Sergeants and seven Patrol Officers. The City has one full time Records Manager and a part-time Records Clerk. The Public Safety Levy passed last year all of public safety. Valley Communications as well as jail contract space have both increased. Due to the decrease in other supporting revenues, the Commander and one Officer position remains frozen.

The Black Diamond Police Department will strive to maintain the trust and confidence of our citizens through proactive policing and demonstration of our core values.

MISSION STATEMENT

The Black Diamond Police Department strives to maintain the trust and Confidence of our citizens through proactive policing and demonstration of our core values.

Our Values

Integrity

Committed to providing quality service by consistently holding ourselves to the highest moral and ethical principals

Professionalism

Committed to providing the community with exceptional law enforcement by developing our personnel through effective training and leadership

Excellence

Committed to providing innovative solutions to issues by working in partnership with our community

Teamwork

Committed to providing a quality work environment by promoting coordination, cooperation, and communication with our members

Fire Department

The City of Black Diamond contracts with Mountain View/Black Diamond Fire Department, King County Fire District No. 44, for fire services. The department's responsibilities include providing staff 24 hours a day, seven days a week in Black Diamond and providing rescue, firefighting, fire prevention, emergency medical services, disaster services and public education activities to citizens. Fire investigation services are contracted through the King County Sheriff's Department. The decrease in the 2011 budget recognizes the actual amount billed by Fire District 44.

Animal Control and Emergency Management

The City has new costs associated with animal control and for the emergency management program. The Animal Control portion represents the King County animal control subsidy due to the County, passed by Council in 2010.

Emergency Management expense funds have been added to the budget in 2011 and will go toward purchase of radio replacements and emergency supplies. These two new expense lines have yet to be assigned a department so are included here together for the preliminary budget request.

Community Development Department

The Community Development section of the operating budget provides funding for the City's long-range planning and land use and building permitting functions. The department also provides staffing to the City Planning Commission and performs code enforcement activities to address nuisances, code violations, and other issues. This section currently includes three full-time employees: a Director, Associate Planner, and a Permit Supervisor; plus a part-time employee serving as the Building Official/Code Enforcement Officer.

Currently, all salaries and benefits in this department are 100% reimbursed by the Funding Agreement, with the exception of building plan review and inspection services, which are funded through application fees. The remainder of expenses such as training, memberships, office supplies, and allocated costs are General Fund expenditures. The 2010 year end estimate decrease is due to the elimination of the Permit Technician position in July 2010. The 2011 budget reduction of \$20,000 is due to moving the hearing examiner costs to the Master Planned Development budget.

STATE OF THE STATE

City of Black Diamond Preliminary Budget 2011

Natural Resources Department

The City of Black Diamond's Natural Resources Department manages the purchase, restoration and maintenance of the City's natural resources and providing guidance in balancing the protection of the environment and a strong, vibrant economy. Inherent to the Natural Resources Department is significant overlap with the City of Black Diamond's Parks, Recreation and Open Space Program. The Natural Resources Department has and will continue to provide back-up in the development of the City's Comprehensive Parks, Recreation, Trails and Open Space Plan as components to this program fall under the responsibilities of this Department.

Natural Resource Department responsibilities involve management of the City's Transfer of Development Rights (TDR's) Program and to help ensure the quality of life that residents of Black Diamond have come to expect. Environmental sensitivity is also part of the City's vision for the future. The Natural Resources Director is the single full-time employee in this department, of which the salary and benefits are reimbursed 100% by the Funding Agreement.

The WRIA 9 water quality membership has been moved to the Stormwater Fund in 2011.

CONTROL OF THE PARTY OF THE PAR

City of Black Diamond Preliminary Budget 2011

Economic Development Department

The City of Black Diamond's Economic Development Department provides a bridge between private and public sectors to assist with the economic growth of the community in areas of job creation and retention through recruitment and expansion of businesses and developments.

Economic Development Department responsibilities involve implementing strategies that will aid in business attraction. The goal is to increase the job base while maintaining the current jobs in Black Diamond, and to develop and maintain economic development related data and databases necessary for business recruitment.

Economic Development also has the primary responsibility to develop and enhance partnerships with agencies, utilities, transportation, and other economic development allies. This department also manages land acquisitions and project planning for City owned development projects.

The Economic Development Director is the single full time employee in this department of which the salary and benefits are reimbursed 100% by the Funding Agreement.

Parks and Recreation Department

The City of Black Diamond's Park Department provides maintenance of the three active parks including the Eagle Creek Park that provides a basketball court, play equipment and benches, a BMX track, a boat launch facility on Lake Sawyer and the downtown park that provides tennis courts, picnicking, and a skate board facility. In addition to the active parks the City has two passive parks including the Union Stump historical marker and the Coal Car Triangle historical marker. The City also has a 168 acre undeveloped park at the south end of Lake Sawyer. In total, the City has 173.5 acres of park property.

The Parks Department is maintained by the utility crew and their wages are allocated 8% to this area. The superintendent and PW Director are also allocated 8% here.

Cemetery Department

The City of Black Diamond's Cemetery Department provides operations and maintenance of the cemetery. This involves coordinating burials, sale of cemetery plots, providing physical burial services and maintaining the cemetery grounds. The burial fees cover the costs associated with the burial.

The cemetery is supported by the General Fund. The Public Works crew mows and trims the cemetery once a week during the heavy grass growing months and once every two weeks for the drier months during the growing season.

Central Services and Employee Recognition

Central Services and Employee Recognition budget captures shared costs for various departments, including office and operating supplies, software maintenance costs, copier costs, postage, advertising, utilities, custodial services, building insurance, and credit card and banking fees.

Costs that benefit a variety of departments are paid from Central Services and then allocated through cost allocations. Employee recognition budget includes employee and elected official recognition, awards and an annual banquet.

K-9 Program

Fire Equipment Reserve Fund 002

Black Diamond currently contracts with Mountain View/Black Diamond Fire Department, King County Fire District 44 for fire service. Under that contract Fire District 44 is responsible for equipment replacement. Black Diamond is however responsible for engines, one aid car, one brush truck and two support vehicles. This reserve fund can be used to offset future fire vehicle replacements.

Approximately \$23,000 will be spent in 2010 to overhaul or replace the engine on a 2000 Pierce Fire Apparatus (Engine 98) at Station 98.

Street Department Fund 101

The Street Department is responsible for maintaining, planning and upgrading public streets and sidewalks. Major activities in the Street department include maintaining the street signs and pavement markings, snow plowing, street sanding during ice conditions, roadside mowing and brushing, pavement maintenance, roadway reconstruction, managing the right of way, providing street lighting and signal maintenance and street network planning and review.

Street revenue from Gas Tax is expected to be a little higher next year based on 2010 collections. Additional revenue and expenses are budgeted for funding of a portion of the Public Works Assistant.

The Funding Agreement reimbursement increased in 2011 to cover the additional cost of the Public Works Assistant position, and other central costs for insurance, audit and legal have also increased next year.

Public Works and support staff are allocated a certain percentage of their pay to the Street department. This distribution is as follows:

2011 Employee Allocations by Funding Source

Street Equipment Reserve Fund 102

The Street Equipment Reserve Fund was established to collect funds from Street, Water, Wastewater and Stormwater for future shared equipment replacement. Some examples are vehicles and slope mower replacements.

Real Estate Excise Tax 1 (REET 1) - 104 Fund

The Real Estate Excise Tax is authorized by RCW 8245.010 and can be used for capital projects. Cities must use these funds as long as they are identified in a capital improvement plan. Specifically, one quarter percent of the real estate excise tax is collected, then transferred to Fund 310 to be used for general government capital projects. For detailed projects, see the 310 Fund section in this document.

Real Estate Excise Tax 2 (REET 2) 105 Fund

The Real Estate Excise Tax is authorized by RCW 8245.010 and can be used for capital projects. This part of the real estate excise tax may only be levied by cities that plan under the Growth Management Act.

Specifically, one quarter percent of the real estate excise tax is to be used for public works projects for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, planning, construction, reconstruction, repair, rehabilitation, or improvement of parks. REET 2 monies in Black Diamond are transferred to Fund 320 for Street and Public Works capital projects.

For detailed projects, see the 320 Fund section of this document.

Criminal Justice Fund 122

The Criminal Justice Fund was established to account for the financial resources to be used for programs relating to Criminal Justice activity. Financial resources primarily come from the State through RCW 82.14.330 that is based on per-capita data and crime rates. Monies are to be used for Criminal Justice activities through innovative law enforcement programs.

Criminal Justice revenue includes criminal justice tax money, state shared revenue (former Community Trade and Economic Development or CTED funds), criminal justice population revenue, revenue from the sale of seized property from non-drug felony cases and small grants. These monies are determined by the State each year. The Criminal Justice Fund partially supports one full time officer. Additional funds are used for special training, the Police K9 (dog) program, Dare Program, training, communication and the annual system maintenance costs for the Police Records System.

Utility Funds

Dan Dal Santo, Utility Supervisor

Water Department Fund 401

The Water department provides clean, safe and reliable drinking water to the residents of Black Diamond except for those residents who live around Lake Sawyer. The water utility is responsible for the operation and maintenance of the City's springs, tanks, water treatment, pump stations, water mains, fire hydrants and meters.

The monthly water bill revenue is used to pay for the administration, monitoring, testing, pumping, maintenance and replacement of the existing water system. The 2008 Pac West rate study recommended several rate increase options. Council chose the least expensive option of 15% rate increases for 2009, 2010 and 2011. The first year was implemented in 2009, but the 15% for 2010 was deferred due to the poor economy. Council will hold a work study in November and a public hearing December 2nd to consider the 2011 rates.

The fuel, tools, professional services, training, and general service cost allocations are distributed equitably between the Public Works funds. Salaries and benefits for the PW Administrative Assistant 3 hired in August and allocated 25% to Water has increased to cover a full year. Funding agreement reimbursement increased in 2011 to cover the additional cost of the Public Works Assistant position.

Public Works and support staff are allocated a percentage of their pay to the Water department. This distribution is as follows:

^{*}Black Diamond hold a letter of credit from Palmer Coking for their balance owing of \$1,424,024 of PWTF Loan. Fourteen payments of \$101,716.

^{**}Black Diamond holds a letter of credit from BD Partners for the \$1,688,190 balance owing To Tacoma Water. Three Payments of Principal & Interest.

Water Supply and Facility Fund 402

The Capital Improvement Plan includes water related projects including the Springs Project. The Springs Project will be funded by developer contributions and is not included until after the developer and City Council approvals are received. This project will prepare capacity and transmission in preparation for City growth, and is further detailed in the Capital Improvement Plan this year.

Water Capital Fund 404

As part of the six year Capital Improvement Program Black Diamond adopts each year, Water related projects are included here. This section includes the budget for those Water Capital projects identified in the CIP for 2011.

Capital Facility charges cover the cost of expanding the water system to meet the needs of new customers and are used for capacity projects. A \$230,000 loan from the Wastewater utility is proposed to spread the cost of the meter replacement program over a five year period. The debt repayment for the meter replacement will be an obligation of current water customers and is funded out of water rates.

^{*} Developer Funded Springs Project of \$140,000 for 2011 not included until scope and final amount is approved by all parties.

Wastewater Department Fund 407

The Wastewater department provides for the planning, operation and maintenance of the sewer collection system, local customer service, billing and collection. This department also provides for the transmission and treatment of sewage by contract with King County Wastewater Division.

In January 2011, King County is increasing their base rates from \$31.90 to \$36.10 per month. This rate change is charged to customers and paid to King County to cover their cost of providing wastewater treatment. Funding reimbursement is increasing to cover the additional cost of a full year of the Public Works Assistant position.

Salaries, benefits and supplies for the PW Administrative Assistant 3 hired in August and allocated 25% to Wastewater has increased to cover a full year. The fuel, tools, professional services, training, and general service cost allocations are distributed equitably between the Public Works funds. Some administrative costs have gone up this year including insurance, audit, central services and legal.

The City share of the Wastewater rate does not cover operating costs. A City Council Workstudy session in November 2010 has been scheduled to review rates.

Public Works and support staff are allocated a certain percentage of their pay to the Wastewater department. This distribution is as follows:

2011 Em	ployee A	llocations	by Fund	ding Sou	irce

Wastewater Capital Fund 408

As part of the six year Capital Improvement Program Black Diamond adopts each year, Wastewater related projects are included. This section includes the budget for those Wastewater Capital projects identified in the CIP for 2011.

The commitment of Public Works staff to several large 2010 transportation projects and the Master Planned Development application processing has affected the timing of the Infiltration and Inflow program and further work on the old wastewater treatment plant. The Wastewater Comp Plan work has been completed but new policy issues are under further consideration. For the Infiltration Project, the City will be researching and investigating the suspected sewer lines that are leaking water into the system in January and February of 2011 in order to identify several repair projects for the summer of 2011. The Wastewater utility will also consider a five year loan of \$230,000 to the Water department for the meter replacement program to spread the cost impact to water rate payers.

Stormwater Department Fund 410

The Stormwater utility's purpose is to protect the natural environment from the impacts of stormwater runoff by properly maintaining the city stormwater system and implementing the City's Stormwater Management Plan according to the Department of Ecology stormwater permit requirements.

Stormwater utility revenue is increasing from \$11.50 to \$13.00 in January 2011. This is the last increase as adopted by Council in November 2008. Funding reimbursement revenue has been increased to cover the full year costs of Administrative Assistant 3 Public Works position.

Salaries and benefits for the PW Administrative Assistant 3 hired in August and allocated 25% to Stormwater has increased to cover a full year. The fuel, tools, professional services, training, and general service cost allocations are distributed equitably between the Public Works funds. The King County Water Quality expenditure is for monitoring and testing as required by the Department of Ecology for Lake Sawyer. The WIRA 9 is Black Diamond's share of the Water Quality project. Some administrative costs have gone up this year including insurance, audit, central services and legal.

Public Works and support staff are allocated a percentage of their salaries and benefits to the Stormwater department. This distribution is as follows:

2011 Em	2011 Employee Allocations by Funding Source

Capital Improvement Program 2011 - 2016

What is the Capital Improvement Program?

A Capital Improvement Program (CIP) is a roadmap that provides direction and guidance for carefully planning and managing Black Diamond's capital and infrastructure assets. It is an investment in the future of our community.

This document presents the proposed plan for major public facility improvements that will be implemented over the next six fiscal years. The projects included in the fiscal 2011-2016 CIP are consistent with the City Council's priorities and address the needs for the acquisition, rehabilitation and expansion of the City's infrastructure and capital assets.

The City of Black Diamond Capital Improvement Program (CIP) addresses the growing needs of the City and enhances the quality of life through major public improvement projects.

Capital Projects are listed in the CIP by number, according to each major program area. For each project there is an estimated start and completion date that has been projected by the city department in charge of the improvement. The CIP also shows the total cost of the project and the amount allocated to the project for each year of the plan. Identifying capital projects and their anticipated funding sources assists in the planning and scheduling of finances for projects and the manpower needed to plan, design, and construct the projects.

Examples of projects in Black Diamond's six-year CIP include street rehabilitation, water projects, wastewater facilities, park improvements, a fire station and equipment, police capital needs, and public building construction and improvement. Land purchases are also included in CIP planning since it is considered a capital asset.

These projects are usually long-term in nature (over one year) to complete and are frequently financed over a period of time. Typically, a CIP project has a dollar amount over \$10,000.

How are projects in the Capital Improvement Program paid for?

The six-Year CIP is a format by which the City uses to review the funding of desired capital improvements that compete for scarce financial resources. Generally, funding for capital improvements is provided through Real Estate Excise Tax revenue (REET), capital reserves, public trust fund loans, grants, impact fees and developer funding.

Types of Capital Projects

Capital projects are essential to the delivery of many of the City's core services. The capital projects in each major department are described below.

• <u>Transportation</u> The road system in Black Diamond is a vital infrastructure to city residents, visitors and commuters. This infrastructure includes roads, bridges, bike lanes and sidewalks. The responsibility for the funding and construction of transportation infrastructure is usually shared with developers in the form of impact fees, as new development has need for additional transportation improvements. A good deal of funding for street improvement comes from Real Estate Excise Taxes.

- <u>Parks and Recreation</u> There are regional and local parks in Black Diamond as well as bike and hiking trails, a skate park and a BMX Course. Outdoor enthusiasts choose to live in Black Diamond for the natural beauty of the surroundings and sporting opportunities. Park improvements are primarily financed by Real Estate Excise Taxes, grants and developer contributions.
- <u>Utilities</u> The City provides water, sewer and stormwater utility services to residents and businesses. Capital Facilities include sewer treatment facilities, transmission systems and storm water detention facilities. Developers contribute to these projects, as growth requires infrastructure expansion. Capital reserves, grants, loans and Real Estate Excise Taxes also provide funding for utilities in Black Diamond.
- <u>Public Safety</u> Capital facilities and equipment are required to deliver core City services of Police and Fire. These facilities include the fire and police stations, vehicles and major equipment. Funding for these capital projects largely comes from Real Estate Excise Taxes and reserves.
- <u>General Capital</u> City is responsible for funding the construction and maintenance of city buildings and facilities. Included are technological capital projects that provide better services and communication at the City. These capital costs are largely funded through Real Estate Excise Taxes.

Growth Management Act and Land Use Policies

Comprehensive planning is required in Washington State since the Growth Management Act (GMA) was adopted by the legislature in 1990. The objective of the Act is to limit sprawl, protect sensitive areas and promote efficient and effective delivery of public services by concentrating population, industry and public services in urban areas. The City is anticipating two development areas in Black Diamond, The Villages and Lawson Hills. These planned developments have a huge impact on the City's Capital Improvement Program, as up to 6,000 new homes may be built eventually in those new neighborhoods.

Level of Service

The number and type of capital facilities needed to serve Black Diamond is directly related to the level of public service provided. The level of service is established by City Council and the City's Comprehensive Plan.

Maintenance and Funding Constraints

Once completed and placed in service, capital facilities must be maintained. Funding for the maintenance of capital projects for City Utilities are funded with user fees in the respective operating budgets. Maintenance funding for projects are funded through current operations, not the capital budget. For that reason the availability of funding for future maintenance must be considered when preparing the capital budget.

Development and Approval Process

The Capital Improvement Plan is updated annually. Each year individual projects are submitted by department directors. They use a template provided by Finance staff. These requests include an update of current projects and projections on new projects and anticipated costs. Each project must have specific funding sources identified. The Mayor, Finance Director and Management meet to balance projects to available funding. After several Council Committee meetings, workstudy sessions and a public hearing are held, the proposed plan is brought before Council for approval. The Capital Improvement Calendar for 2011 – 2016 is part of this document in the appendix section.

Attachments: Ordinance No. 10-950, Preliminary Levy Worksheet, King County Letter

SUMMARY STATEMENT:

Per City Code 3.60.020 the City of Black Diamond Voters approved at an April 27, 2010 Special Election the Property Tax Lid Lift rate of \$2.57 per \$1,000 per assessed valuation to fund Public Safety, including Fire, Police and Emergency Services. As approved by the voters, this levy rate will begin in 2011.

A previous voter approved six year levy rate that began in 2005 would have expired in 2010 and would have resulted in the loss of approximately \$400,000 of property tax revenue beginning in 2011. However, in 2010 the voter's approved the continuation of property tax revenue for Public Safety with the levy rate of \$2.57 per \$1,000 of valuation. King County's current estimate of assessed valuation is \$536,423,416 a decrease of 4.4% from last year. This follows a decrease of \$12.8% in 2010.

Since the levy rate has been set for 2011 at \$2.57 per \$1,000 of valuation, Black Diamond will not add the additional allowed 1% increase. The final dollar amount of property tax will not be known until King County sets the final assessed valuation amount in December. Based on their latest estimate of assessed valuation, an estimate of the 2011 Property Tax is approximately \$1,398,609. This amount allows an additional \$20,000 above their current estimate to cover any additions they may make between now and December. The final dollar amount will be set by King County once their final valuations are set and will not exceed the \$2.57 per \$1,000 of their assessed valuation.

A Property Tax Ordinance showing the rate of \$2.57 and an estimate of the dollar amount of taxes needs to be approved by Council and forwarded to King County before December 3. All of Black Diamond's property tax funds are used for Public Safety and provide approximately 64% of the revenue needed to cover Public Safety costs.

COMMITTEE REVIEW AND RECOMMENDATION:

will review the Property Ta	ax Ordinance at their November 19, 2010 meeting.						
RECOMMENDED ACTION: MOTION to adopt Ordinance No. 10-950, setting the							
voter approved Property Tax lid lift and rate of \$2.57 per \$1,000 of Assessed							
Valuation for a total of \$1,398,609 for 2011 to be used for Public Safety							
Police and Emergen							
RECORD OF COUNCIL ACTION

	ACTION: MOTION Property Tax lid line total of \$1,398,60 Police and Emergen RECORD OF						

ORDINANCE NO. 10-950

ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BLACK DIAMOND, WASHINGTON, SETTING THE PROPERTY TAX LEVY RATE AT \$2.57 BEGINNING IN 2011 FOR THE FISCAL YEAR OF 2011, ON THE ASSESSED VALUATION OF ALL PROPERTY, BOTH REAL AND PERSONAL, WHICH IS SUBJECT TO TAXATION IN THE CITY OF BLACK DIAMOND AND TO PROVIDE FOR SEVERABILITY

WHEREAS, on April 27, 2010 the citizens of Black Diamond passed by simple majority vote Proposition 1, a lid lift Property Tax Levy setting Black Diamond's Property Tax Levy at 2.57 per 1,000 of assessed Valuation beginning in 2011 to continue funding Public Safety services including Fire, Police and Emergency Service; and

WHEREAS, a Public Hearing was held on November 23, 2010, regarding the City budget and the property tax levy; and

WHEREAS, the City Council has properly given notice of the Public Hearing held November 23, 2010 to consider the City's 2011 Preliminary Budget including the Revenue Sources, pursuant to RCW 84.55.120; and

WHEREAS, King County requires that the 2011 Property Tax Levies be submitted by December 3, 2010;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BLACK DIAMOND, KING COUNTY, WASHINGTON, ORDAINS AS FOLLOWS:

Section 1. Levy Amount A regular property tax is hereby levied in the amount of \$2.57 per \$1,000 in assessed valuation, against the value of the properties in the City of Black Diamond for a total of \$1,398,605 in property tax collections for the year 2011. This tax shall be used to support Public Safety including Fire, Police and Emergency Services.

<u>Section 2. Severability</u> Should any section, paragraph, sentence, clause or phrase of this ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this ordinance be preempted by State or Federal law or regulations, such decisions or preemptions shall not affect the validity of the remaining portions of this ordinance or its application to other persons or circumstances.

<u>Section 3. Effective Date</u> This Ordinance shall be published in the official newspaper of the City, and shall take effect and be in full force five (5) days after the date of publication.

2010.

RE: Submission of District Property Tax Levies for 2011 to the County Council

To the Board of Commissioners:

The County Council is required by RCW 84.52.070 to certify annually the amount of property taxes levied in King County. In order to make this certification, we must know the amount of taxes to be levied for each taxing district.

THE DEADLINE FOR SUBMITTING 2011 PROPERTY TAX LEVIES IS DECEMBER 3, 2010

In order for your district to receive property taxes in an amount greater than that received in 2010, if permitted by law, we must receive your resolution by December 3, 2010. This applies to basic levies provided for by State law as well as any excess levies approved by a vote of the people. Please remember that the Assessor is required to review levy requests to ensure that they do not exceed the allowable levy.

The state Department of Revenue has notified the County Assessor that the implicit price deflator is greater than one percent (letter attached).

If you cannot finalize your levy request by December 3, please submit an estimate. If your estimate is higher than the allowable levy, the Assessor will reduce the amount requested for your jurisdiction to an amount no greater than the allowable levy. However, if your estimate is less than the allowable levy, the amount requested can only be increased from the amount certified in your ordinance or resolution to the level of the allowable levy with formal written notification from your Board of Commissioners. This written notification must be filed with the Assessor and the Clerk of the Council by December 3, 2010 for inclusion in the certification ordinance.

Forms are enclosed for you to use in submitting your levy request. Please submit copies of the form and any resolution or ordinance that may be required by RCW 84.55.120 or RCW 84.55.0101 to both the King County Council and the King County Assessor's Office at the following addresses:

Clerk's Office Metropolitan King County Council 516 Third Avenue Room W-1039

Seattle, WA 98104

Fax: 206-205-8165 Telephone: 206-296-1020 Hazel Gantz

Accounting Division

King County Department of Assessments

500 Fourth Ave. Room 709

Seattle, WA 98104

Fax:

206-296-0106

Telephone: 206-296-5145

The King County Council may pass an amendatory certification ordinance in January 2011 in order to allow for technical adjustments in the final levy amounts. However, discretionary increases in your levy may not be made in this amendatory certification ordinance.

If you have any questions, please call the Assessor's Office at 296-5145 or 296-5146.

Thank you for your cooperation.

Sincerely,

Metropolitan King County Council

c: Lloyd Hara, Assessor

Attachments: Ordinance No. 10-951, markup with comments and clean versions

SUMMARY STATEMENT:

On June 17, 2010 the City of Black Diamond entered into an interlocal agreement with King County for animal control services. The interlocal agreement provided that the City shall enact an ordinance or resolution that includes license, fee, penalty, enforcement, impound/redemption and sheltering provisions that are substantially the same as those of Title 11 King County Code as now in affect or hereafter amended.

Previously the City adopted by reference certain provisions of the King County animal control code, but finds that these provisions need to be updated. This ordinance repeals and re-adopts the animal control code of the City to conform to the requirements of the interlocal agreement.

COMMITTEE REVIEW AND RECOMMENDATION:

RECOMMENDED ACTION: MOTION to adopt Ordinance No. 10-951, relating to the adoption of King County Code Chapter 11.04 Animal Care and Control Provisions, specifically repealing and reenacting Black Diamond Municipal Code 6.04; repealing Black Diamond Municipal Code 6.08.200, 6.08.210, 6.08.215, and 6.08.219; providing for severability; and establishing an effective date.

Meeting Date	Action	Vote	
November 23 ,2010			

CITY OF BLACK DIAMOND

WASHINGTON

ORDINANCE NO. 10-951

AN ORDINANCE OF THE CITY OF BLACK DIAMOND, WASHINGTON, RELATING TO THE ADOPTION OF KING COUNTY CODE CHAPTER 11.04 ANIMAL CARE AND CONTROL PROVISIONS, SPECIFICALLY REPEALING AND REENACTING BDMC CHAPTER 6.04; REPEALING BDMC 6.08.200, 6.08.210, 6.08.215, AND 6.08.219; PROVIDING FOR SEVERABILITY; AND ESTABLISHING AN EFFECTIVE DATE

WHEREAS, on June 17, 2010 the City Council passed Resolution No. 10-694 authorizing the Mayor to enter into an interlocal agreement on behalf of the City with King County for animal control services; and

WHEREAS, the interlocal agreement provides that the City shall promptly enact an ordinance or resolution that includes license, fee, penalty, enforcement, impound/redemption and sheltering provisions that are substantially the same as those of Title 11 King County Code as now in effect or hereafter amended; and

WHEREAS, RCW 35A.12.140 authorizes code cities to adopt by reference provisions within county codes, and any amendments thereto; provided that, such code provisions and amendments thereto are filed in the office of the city clerk; and

WHEREAS, the City Council has previously adopted by reference certain provisions of the King County animal control code; however, these provisions need to be updated; and

WHEREAS, the City Council finds that it would be in the best interests of the City of Black Diamond to repeal and re-adopt the animal control code of the City to conform to the requirements of the interlocal agreement;

NOW, THEREFORE, the City Council of the City of Black Diamond, Washington, do ordain as follows:

<u>Section 1. BDMC Chapter 6.04 Repealed.</u> Chapter 6.04 of the Black Diamond Municipal Code entitled "County Animal Control Ordinances" is hereby repealed in its entirety and re-adopted to read as follows:

Chapter 6.04
COUNTY ANIMAL CONTROL CODE ADOPTED

Sections:

6.04.010	County code adopted - Animal care and control regulations - Licensing, fees,
penalties, enf	orcement, impoundment, redemption, and sheltering.
6.04.020	References to "King County" or "County."
6.04.030	References to the King County Code Title 21A.
6.04.040	Authority to enforce chapter.
6.04.050	Violations – Hearings and appeals.
6.04.060	Copy of King County Code Title 11 on file.

6.04.010 County code adopted – Animal care and control regulations – Licensing, fees, penalties, enforcement, impoundment, redemption, and sheltering.

The following provisions of the King County Code Title 11 are adopted, by reference as now or hereafter amended:

11.04.010	Purpose and scope – conflicts.	
11.04.020	Definitions.	
11.04.030	Pet licenses - required - issuance - penalty - fee use - improper checks -	
exceptions.		
11.04.035	License fees and penalties.	
11.04.170	Enforcement power.	
11.04.180	Violations – deemed nuisance – abatement.	
11.04.190	Violations – misdemeanor – penalty.	
11.04.200	Violations – civil penalty.	
11.04.210	Impounding.	
11.04.220	Additional enforcement.	
11.04.225	Additional enforcement – cruelty to animals.	
11.04.230	Nuisances defined.	
11.04.235	Transfer of unaltered dogs and cats prohibited.	
11.04.240	Unlawful acts against police department dogs - penalty for violation.	
11.04.250	Violations – unlawful acts – cruelty to animals – database.	
11.04.280	Redemption procedures.	
11.04.290	Vicious animals – corrective action.	
11.04.300	Civil penalty and abatement costs – liability of owner.	
11.04.310	Costs of enforcement action.	
11.04.330	Additional rules and regulations.	
11.04.335	Waiver of fees and penalties.	

6.04.020 References to "King County" or "County."

Any reference to "King County" or the "County" shall be considered the same as the "City of Black Diamond."

6.04.030 References to the King County Code Title 21A.

Any reference to "King County Code Title 21A" or specific provisions of King County Code Title 21A shall refer to comparable provisions of Black Diamond municipal code Title 18.

Comment [A1]: Section B(4) provides for reduced fees for disable residents authorized for reduced Metro bus fare under KCC 28.94. Section D provides that fees are accepted in accordance with KCC 4.100. Section G provides that vets and shelters must provide animal services w/information required by KCC 11.04.070 (not included in the adoption).

Comment [A2]: I think the City only wants to adopt Sections A (license fees and penalties) C (Civil penalties) and D (service fees) of this provision. Section B relates to fees for hobby kennels. I'm not sure how to note that in the ordinance. Please advise.

Comment [A3]: Section B(1)(a) provides that all animals adopted from the shelter must be spayed or neutered. Spay/neuter was not covered in the ILA so I did not include it in the provisions to be adopted. Please advise.

Comment [A4]: Provides that animal services can make and enforce rules and that the rules must be adopted in accordance with KCC 2.98.

6.04.040 Authority to enforce chapter.

The Animal Control Division of King County is designated the agency authorized to enforce the provisions of this chapter, as provided by the King County Animal Control code described in BDMC 6.04.010.

6.04.050 Violations – Hearings and appeals.

Violations of this chapter shall be enforced pursuant to enforcement provisions of BDMC 8.02.

6.04.060 Copy of King County Code Title 11 on file.

A copy of King County Code Title 11, as amended, is made available for public inspection and copying during regular business hours with the city clerk-treasurer.

Section 2. Repealer. Black Diamond Municipal Code Section 6.08.200 (Nuisances designated) is hereby repealed in its entirety.

Section 3. Repealer. Black Diamond Municipal Code Section 6.08.210 (Cruelty to animals) is hereby repealed in its entirety.

Section 4. Repealer. Black Diamond Municipal Code Section 6.08.219 (Animals in parks to be leashed – Penalty) is hereby repealed in its entirety.

<u>Section 5. Severability</u>. Should any section, paragraph, sentence, clause or phrase of this Ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this Ordinance be pre-empted by state or federal law or regulation, such decision or pre-emption shall not affect the validity of the remaining portions of this Ordinance or its application to other persons or circumstances.

<u>Section 6.</u> Effective Date. This Ordinance shall be published in the official newspaper of the City, and shall take effect and be in full force five (5) days after the date of publication.

ADOPTED BY THE CITY COUNCIL AT A SPECIAL MEETING THEREOF ON THE 23RD DAY OF NOVEMBER, 2010.

CITY OF BLACK DIAMOND

	Rebecca Olness, Mayor
ATTEST/AUTHENTICATED:	

Comment [A5]: 8.02.010 provides that the chapter applies to all regulations defined in 8.02.020, which defines regulations as "any provision of the municipal code making reference to this chapter."

Comment [A6]: This is covered by KCC 11.04.230.

Comment [A7]: This is covered by KCC 11.04.225 and 11.04.250.

Comment [A8]: This is covered by KCC 11.04.230(C).

Brenda L. Martinez, City Clerk

Attachments: Resolution No. 10-717, Scope of Work, Original Professional Services Agreement

SUMMARY STATEMENT:

Staff has applied to the regulatory agencies to secure permits for the reconstruction of the Lake Sawyer Boat Launch. Currently, large holes have developed in the area of the launch that are causing difficult entry and exit for boats from the lake. This reconstruction project will alleviate this problem, but due to work being in the water several regulatory agency permits are required. Staff does not have the necessary expertise to prepare all of the information needed to complete the permit applications and obtain the permits needed for this project. This scope of work will allow Parametrix to assist staff by preparing and provide this additional material in the form of a biological evaluation being required by the Army Corps of Engineers.

COMMITTEE REVIEW AND RECOMMENDATION: Committee reviewed and moved for approval of the full council at its 11/05/10 Parks/Cemetery Committee meeting.

RECOMMENDED ACTION: MOTION to adopt Resolution 10-717, authorizing the Mayor to execute certain on-call service tasks with Parametrix, Inc. for permitting requirements for the Boat Launch

SCOPE OF WORK

City of Black Diamond

Lake Sawyer Boat Ramp Retrofit Biological Evaluation

INTRODUCTION

The City of Black Diamond desires to retain Parametrix to perform a biological evaluation (BE) to support its application for a Nationwide Permit (NWP) from the US Army Corps of Engineers (Corps) for the boat ramp retrofit at Lake Sawyer. Additionally, Parametrix will update and modify the City's previous Joint Aquatic Resources Permit Application (JARPA) for submission to relevant permitting agencies. The task descriptions below detail how Parametrix plans to accomplish this project for the City.

TASK DESCRIPTIONS

Task 1: Project Management - QA/QC

Work under this task includes time to administer and coordinate various project elements and will be ongoing throughout the project. Work includes the following:

- Coordination and correspondence with City Staff.
- In-house project administration, progress reports and invoices, scheduling, direction of project staff, and review of deliverables.

Task 2: Biological Evaluation

Parametrix will write and provide a BE to the City for use in its NWP application to the Corps.

Activities

Parametrix will complete the following:

 Draft a BE that summarizes the biological resources of Lake Sawyer and the potential impacts associated with the project to those resources, especially to threatened and endangered species (TES).
 The BE will include an effects determination of the project to TES.

Assumptions

- The BE is anticipated to state that the project will result in a determination of "May Affect, But Not Likely to Adversely Affect" Determination. If a determination of "May Affect, Likely to Adversely Affect" is discovered to be warranted, a modification to the scope and budget for this project will be necessary.
- Parametrix's role in this project will be to provide a BE for inclusion for the City's NWP application.
 The scope of this project does not include correspondence with the Corps or any other related agency for the NWP application.

Deliverables

Parametrix will prepare the following:

BE and related figures in electronic and hard copy format.

Task 3: JARPA

Parametrix will modify and update the City's previous JARPA application for submission to the Corps, Washington Department of Ecology, Washington Department of Fish and Wildlife and any other relevant permitting agencies.

Activities

Parametrix will complete the following:

- Update the City's previous JARPA application to include new information regarding the boat ramp retrofit, as well as the findings of the BE.
- Correspond with the relevant permitting agencies regarding the JARPA and follow-up on agency requests for additional information.

Assumptions

 Parametrix will budget 20 hours for a senior planner to correspond with permitting agencies for acceptance of the modified JARPA. If additional time is necessary, modification of the scope and budget may be required.

Deliverables

Parametrix will prepare the following:

• Modified JARPA and related figures in electronic and hard copy format.
