ORDINANCE NO. 16-1083

AN EMERGENCY ORDINANCE OF THE CITY COUNCIL  
OF THE CITY OF BLACK DIAMOND, KING COUNTY,  
WASHINGTON, ADOPTING THE BUDGET FOR  
CALENDAR YEAR 2017

WHEREAS, the Preliminary Budget was submitted to the City Council by the Mayor on September 29, 2016; and

WHEREAS, the City Council held public hearings on November 17<sup>th</sup> and December 1<sup>st</sup>; and work studies on September 29<sup>th</sup>, October 13<sup>th</sup>, October 18<sup>th</sup>, October 27<sup>th</sup> and November 10<sup>th</sup>; and

WHEREAS, the City is required by state law to adopt the 2017 budget prior to January 1, the beginning of the fiscal year, which makes it necessary to adopt the budget ordinance as an emergency in order that it take effect immediately; and

WHEREAS, a copy of the Budget was on file with the City Clerk for examination by the public during the time it was being considered by the City Council; now, therefore;

THE CITY COUNCIL OF THE CITY OF BLACK DIAMOND, KING COUNTY, WASHINGTON, ORDAINS AS FOLLOWS:

Section 1. The annual budget of the City of Black Diamond for the 2017 calendar year, a copy of which is on file with the City Clerk, is hereby adopted by reference as the annual budget for the City of Black Diamond for calendar year 2017.

Section 2. The budget and information contained herein remain provisional to the extent they are subject to mandatory bargaining with the City's collectively bargained employees as required by Washington law.

Section 3. The total estimated revenue from all sources and expenditures by fund as set forth in the 2017 budget document adopted by reference, are as follows:

*From the Mayor's Desk*

October 29, 2016

City Council and Black Diamond Residents,

I am pleased to present the Draft 2017 Preliminary Budget for the City of Black Diamond. Following a series of meetings with staff, I am happy to report the 2017 Budget is in balance for all funds. The General Fund ending balance will be increasing by \$117,176 over the budgeted 2016 ending fund balance to a total of \$1,011,291. This is 24% of the General Fund operating expenditures and exceeds the recommendation of 10%. The total 2017 Preliminary Budget for Operating and Capital Funds is \$14,105,272 which is only 2.6% higher than the 2016 budget.

Fortunately, the economy is slowly improving with an increase in revenue from the construction of the infrastructure for the Villages, the new elementary school and several home building projects within the City. We expect this trend to continue throughout the next year along with the expectation that new home construction will begin in the Villages before the end of 2017.

This budget reflects our priorities for achieving our desired vision for the future of Black Diamond. Our priorities included maintaining a high quality of life for those who work, live and visit the City of Black Diamond. This is achieved through supporting public safety including both fire and police. We were voted the 9<sup>th</sup> safest city by SafeWise, which was released in their report of May 23, 2016. With no additional population within the city limits, our calls for service have increased every year. Our calls for service last year were 2,989, and we anticipate these calls for service to increase by nearly 1,000 by the end of 2016.

Due to budget issues over the last four years, the Police Department vehicle replacement program has not been funded. Due to the on-going and increasing costs of repairs to our aging fleet as well as officer safety, the Chief has recommended the replacement of 4 patrol cars next year, at the cost of \$179,000 (see Fund 510, vehicle replacement program for details.) The funds to finance these vehicles will come from a loan from the sewer fund, beginning cash reserves and sale of the surplus vehicles.

In accordance with ordinance 12-980, Fire Impact Fees are charged on new development and building expansions within the city limits. For a new residential home in Black Diamond, the fee is \$1,783.13. The Fire Impact Fund at the end of 2017 will be approximately \$255,490, which has collected almost enough funds to purchase the replacement fire engine that is scheduled for 2018 in our 2017-2022 Capital Improvement Plan. The 2017 Budget also includes Public Works Capital Projects that are funded by TIB Grants, including the Roberts Drive Reconstruction and the 224<sup>th</sup> Ave SE Asphalt Overlay for a total of approximately 1.5 million.

Sustaining the budget for maintenance and operation of the Street and Utility funds is of continuing importance. The Transportation Benefit District \$20 car tab fee will provide the first full year of funds in 2017 that support such activity as roadway striping, traffic signage, pothole repair, street lights, pavement, signals, sidewalks and road safety improvements.

The Water, Sewer and Stormwater operations 2017 budgets are also in balance with at least three months of budgeted ending cash and investment balance. The Sewer Operating 2017 budget includes

a King County Metro pass-through rate increase of \$2.19 per month for residents, along with an associated City Sewer increase needed to cover state and city utility taxes.

I truly appreciate the hard work and dedication of City Staff in providing the City and Council with a balanced budget. I am proud that the City has maintained a level of service which makes Black Diamond a better place to live, work, play and do business.

Sincerely,

*Carol Benson*

Mayor

### **History of Black Diamond, Washington – Coal Town**

Black Diamond incorporated in 1959, but has had a much longer history as a historic town in Washington. Black Diamond was first established as a community in the late 1880s for the mining of coal. At the turn of the century the town was a major exporter of coal in the region. The Pacific Coast Coal Company in Black Diamond became the largest coal mining operations on the West Coast. Some historic buildings retain their original locations. In 2010, Black Diamond's historic Railroad Avenue was updated and refurbished making a great improvement to the Historic Museum and Black Diamond Bakery area.

Black Diamond offers a warm and friendly small town atmosphere with spectacular mountain views. The city is nestled in the foothills within a few miles of the beautiful Green River Gorge and Flaming Geyser Park.

The City is on the verge of growth. At 4,305 citizens, population projections may reach above 20,000 in the next 20 years. Over past years, major annexations have increased the population and acreage of Black Diamond. The annexation of the Lake Sawyer area in 1998 doubled the number of citizens. More recent annexations in the city's urban growth area have increased the city's size by approximately 1,600 acres.

### **Form of Government**

Black Diamond is a "Code City" as described under Title 35A in the Revised Code of Washington. The City operates under a strong mayor form of government with five elected council members serving staggered four-year terms. The Mayor serves as the chief administrative officer of the city. The Council acts as the legislative body. When the City reaches a population of 5,000 state law requires expansion to a seven-member council. The City is served by Congressional District 8 and Legislative District 5.

### **Budget Process**

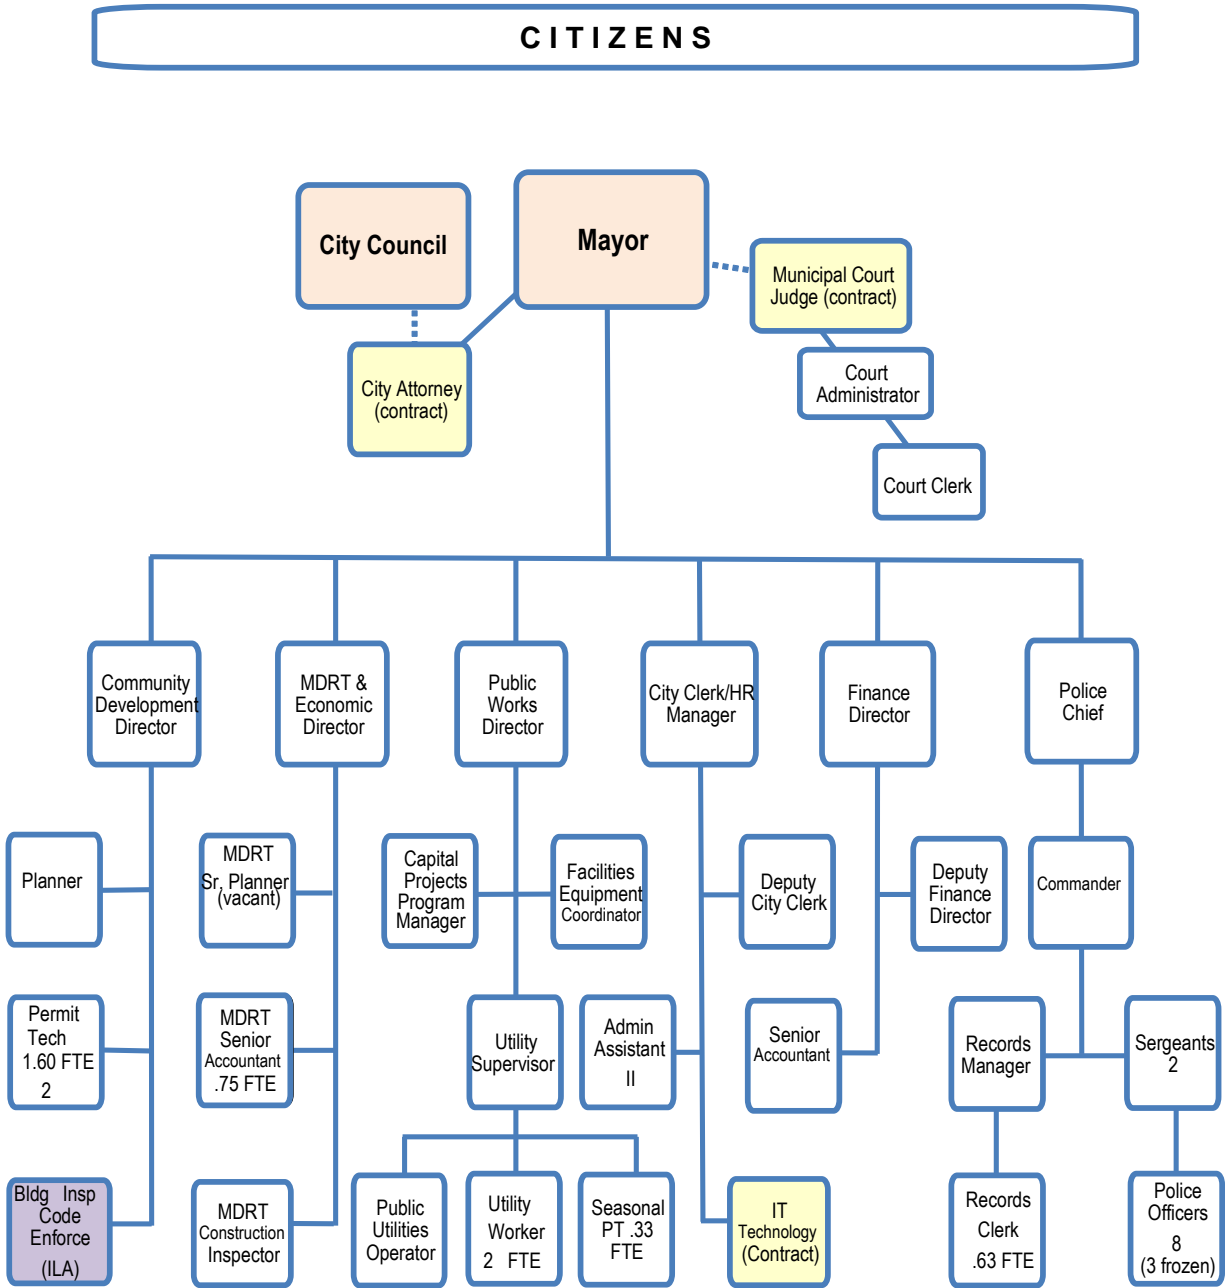

Budgeting is an essential element of the financial planning, control and evaluation process of government. The planning process involves determining the types and levels of services to be provided by the various departments, programs and functions.

The City of Black Diamond budgets annually on the calendar year beginning January 1 and ending December 31. Budget adjustments are limited by state law (35A.33.120). Allocations are made based on a fund structure, limiting uses outside of each fund. Funds are segregated to carry on specific objectives. Funds are budgeted on a cash basis in accordance with the Revised Code of Washington, RCW 35.33. Appropriations in the budget constitute maximum expenditure authorizations during the year and cannot be legally exceeded until subsequently amended by the City Council.

### **How Black Diamond Serves the Community**

The City of Black Diamond strives to provide a safe and enjoyable environment for residents, businesses and visitors alike. Foremost, safety is a priority in Black Diamond. Our City's Police Department, Mountain View Fire and Rescue and emergency service employees are both dedicated and top notch. City employees provide other important services such as road maintenance, planning, permitting, code enforcement, a municipal court, water utility services, stormwater management and a sewer utility. Black Diamond maintenance workers also provide upkeep to city parks and the cemetery.

# General Fund

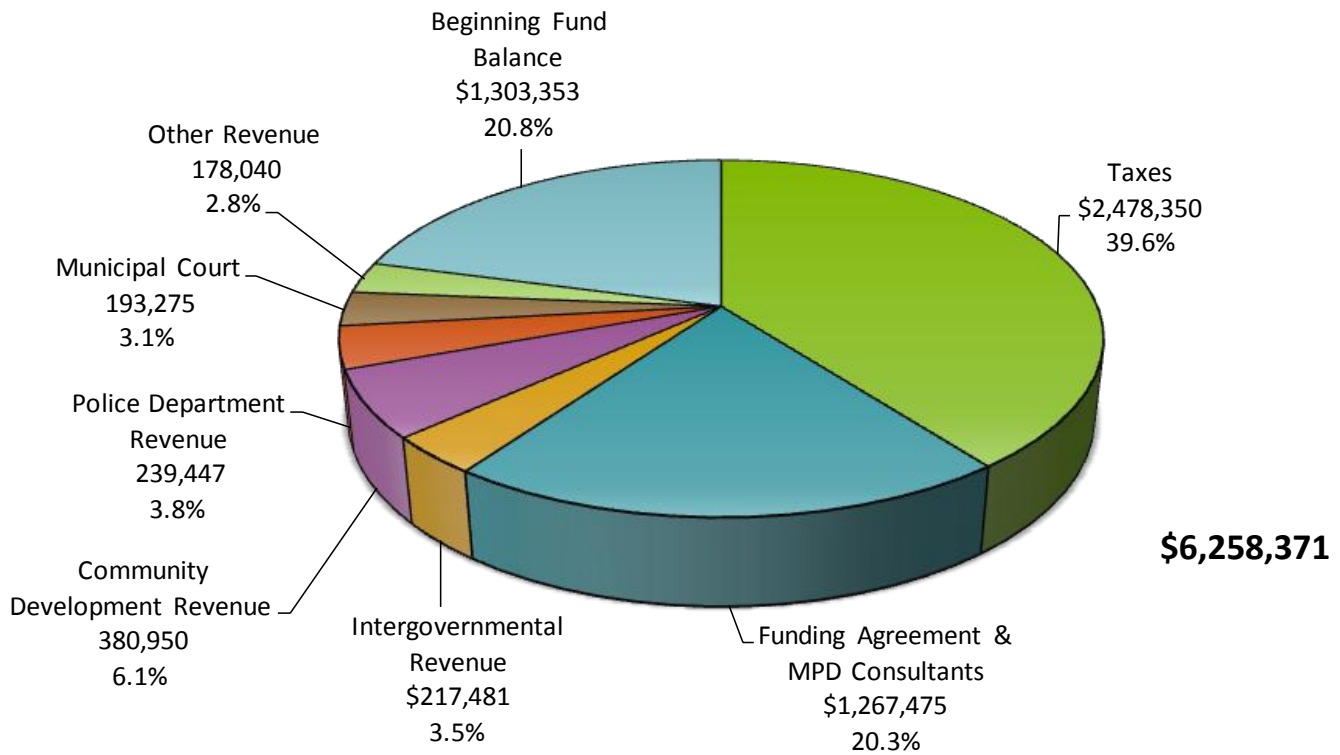

The General Fund is the primary fund of the City. It is similar to a firm's general ledger account, and records all assets and liabilities of the entity that are not assigned to a special purpose fund. It provides the resources necessary to sustain the day-to-day activities and thus pays for administrative and operating expenses.

West side of Railroad Ave, looking south from the railroad depot, circa 1910

## General Fund Revenue

The General Fund budget refers to the expenditures and revenues associated with the delivery of City services in Black Diamond that are funded with property, sales, and utility taxes, charges & fees, and state shared revenues. Services provided under the General Fund include police and fire, municipal court, parks maintenance, building permits, development review and administrative functions in the City. The General Fund includes close to one half of Black Diamond's total budget.

## General Fund Taxes

Locally levied taxes represent Black Diamond's largest portion of revenues of \$2,478,350 or 56% of the City's General Fund operating revenue. Taxes include real and personal property tax, local sales tax, utility taxes on utility services (water, sewer, stormwater, electric, gas, cable and telephone) and gambling taxes. A 5.2% increase of \$122,692 is estimated in 2017. The sales tax estimation increase of 18% is due to trend, as increased development and remodeling is picking up. Property taxes have increased slightly, due to +1% and new construction. Estimates for electrical and utility taxes have been budgeted according to trend.

### 2017 General Fund Tax Revenue \$2,478,350

**Property taxes** make up 60.1% of the General Fund's tax revenue and estimated to generate \$1,490,100 in revenue for the City in 2017. All revenues from property taxes go directly to the General Fund to support public safety for police, fire protection and emergency services. The City of Black Diamond depends heavily on property tax collections, as the City has a small commercial base to generate sales tax revenue.

In Washington cities such as Black Diamond, property tax increases are limited to a 1% total dollar annual increase per year unless voters approve a lid-lift or larger percent increases. King County sets assessed valuation on property and calculates levy rates. Each taxing authority receives a portion of the tax amount, which King County collects and then passes on. In Black Diamond, there are four school districts with separate rates, so depending on which school district the property is in, the taxing amount will vary.

### 2016 Property Tax - Total Distribution

Black Diamond receives between 17% and 19% of the total property tax collected depending on which school district the property is in. In the Enumclaw district in 2016, if a home was appraised at \$350,000, the tax collected is \$11.79 X 350, or \$4,126.50, and the Black Diamond portion of that total is \$784 for 2016. See below.

**Sales Tax** revenue for the 2017 budget is forecast to be \$385,000 or 15.6% of General Fund tax revenue. For every \$100 spent in Black Diamond, \$8.60 is collected by the State and is shared by various jurisdictions. These jurisdictions include our city, Washington State, King County and Criminal Justice programs. Black Diamond receives a bit less than 10% of the total.

Black Diamond's sales tax revenues are dependent on retail sales of products and services sold or delivered to Black Diamond, as well as tax on new construction material. In fact, a considerable portion of our sales taxes are collected for construction services such as installing, repairing, cleaning, improving and other home services.

Sales taxes are higher in Washington than many other states, and are our State's largest revenue source, but because there are no income taxes collected in Washington State, the sales tax is necessarily higher, so the impacts of taxation should be looked at collectively.

There are exemptions to sales tax collection in Washington. Common exemptions include:

- Food
- Prescription Drugs
- Sales to Nonresidents
- Federal Government Sales
- Sales to Indians or Indian Tribes

Taxed amount is 8.6% of retail sales

Based on a \$100 sale, retail sales tax collected is \$8.60, and is distributed the following way:

### Black Diamond Historical Sales Tax Collection by Month

Criminal Justice taxes are an additional local sales/use tax of 0.1 percent to be used for criminal justice programs. This tax is levied by the county and is imposed countywide, but the receipts are shared with King County cities, based on population. Of the revenues collected for criminal justice, 1 percent is retained for administration, 10 percent is distributed to the county and 90 percent goes to cities on a per-capita basis based on their official April 1 populations. Black Diamond's population is currently 4,305.

**Utility Taxes** are collected for the City at the rate of 6% for electrical, telephone, cable TV, sewer, water and gas utilities. The stormwater utility tax is 18%. Overall in 2017, utility taxes have been estimated to reflect recent trend.

**Intergovernmental Revenue** includes grants, entitlements, shared revenues and payments for goods and services provided to the City from the State or other governmental entities. They include per capita distributed revenues such as liquor excise and profit taxes and state and federal grants.

The City receives State assistance funds approved by the passage of ESSB 6050. This legislation was intended to provide ongoing financial assistance to cities and counties that have a low sales tax base and are having difficulty providing basic services. These funds were created by diverting a small portion of the Washington State real estate excise tax from the Public Works Trust Fund. As State taxes increase, they can share more with cities.

**Community Development Revenue** includes fees related to land use and construction activities such as plan checks and land use fees, building, mechanical and plumbing permits. This revenue does not include revenues from the Master Plan Development staff reviews. Estimates next year are promising, as this office's indications show significant increases in building activity.

**Municipal Court Revenue** has been estimated upward in 2017 due to the hiring of a new traffic officer. This revenue comes from the City's portion of fines and forfeits collected on citations and fees. Traffic citations contribute close to 67% of this department's revenue. In 2016, the Court saw a significant increase in cases filed. As of August, there have been 1,470 filings with a projected total of over 2,200. This includes both criminal and noncriminal cases.

**Other General Fund Revenue** sources include parking fees at Lake Sawyer, passport revenue, gym rental, the cemetery, and allocation of revenue from other city funds, for General Fund services and supplies. The State has changed the accounting of allocations to credit the expenditure side of the budget, and is the reason for the decrease.

The Company Store: Black Diamond was a company town and the company owned practically everything. Families could buy houses, but the company leased them the land on which the houses stood for one dollar a month. Later the town would have a company store, where workers could buy goods with the cost deducted from their paychecks. A miner worked 10-hour days, for \$1.50 a day.

## General Fund Expenditures by Department

### Legislative – City Council - Expenditures

This department budget supports the five Councilmembers who are elected to serve four-year terms at large, and represent all Black Diamond residents.

The City Council accomplishes City business during regular meetings and work studies each month. Council duties include approving the annual budget, authorizing inter-local agreements and contracts and deliberating on and passing ordinances and resolutions to set City policies. Four Councilmembers receive a stipend of \$160 per month, and the Mayor Pro Tem receives \$200 per month.

The budget for the Council increased \$104 in 2017.

### Executive – Mayor's Office - Expenditures

The Mayor is the Chief Executive Officer of Black Diamond and is directly elected by popular vote by the citizens of Black Diamond for a four-year term. Mayoral duties include overseeing City administration, presiding over all meetings of the Council, signing and enforcing all ordinances, appointing and removing appointed officials, signing contracts entered into by the City, and representing the City in meetings and events held outside of Black Diamond.

The Mayor is paid a stipend of \$1,000 per month. Other costs include travel and fees for the Association of Washington Cities Annual Conference and Mayor's Exchange.

## City Clerk/Human Resources - Expenditures

The City Clerk and Human Resource office is responsible for managing the City's official records, including retention, archival and destruction, and processing all requests for public records; oversight of Council meetings, including agenda development and transcribing the official minutes; providing legal notices to the public regarding City business; coordinating elections; maintaining personnel files, interpretation of personnel policies and procedures, supporting the recruiting process, business licensing and also maintaining and developing the City's website.

This department includes the City Clerk/Human Resources Manager, Deputy City Clerk and a 5% allocation of the Administrative Assistant 2. Also reflected in this budget are service expenses for voter costs of \$26,800, code updates at \$3,500, postage for passports, insurance, training, advertising and other Clerk related expenditures.

The City Clerk/HR position is 50% reimbursed per the funding agreement.

The City Clerk/HR's budget declined by 16.3% due to the City Clerk allocation of 30% of Salaries and Benefits to Street, Water, Sewer and Stormwater Funds.

## Finance - Expenditures

The Finance Department is responsible for safeguarding the City's assets by insuring maximum utilization of revenues, providing financial support to City departments and recording and reporting accurate and timely financial information to the State, elected officials and to the citizens of Black Diamond.

This Department provides the services of financial planning and reporting, accounting, accounts receivable, accounts payable, payroll processing, cost accounting, utility tax collections, cash and investment management and debt service. Finance prepares the Annual Budget, the Comprehensive Annual Financial Report, Capital Improvement Plan, reports and monthly financial updates.

The Finance Director leads the department. There is also a Deputy Finance Director and a Senior Accountant. The Finance staff is allocated partially to the Utility Funds.

The increase in salaries and benefits is primarily due to the part time Senior Accountant position conversion to full time. The Funding Agreement reimburses Finance \$10,000 for the support the department provides the MDRT team. The Finance Director and Deputy Director are allocated \$20,000 for capital projects, CIP management and WSFFA.

## Information Services - Expenditures

The City contracts for technology services with the City of Milton at a significant cost savings from prior years. Tech support is budgeted for \$41,900 in 2017, an increase of \$10,735 from the 2016 budget. This increase is due to one additional day per week needed to implement CIP Technology upgrades.

The Information Technology specialist is putting in extra time at the City. There are some major server project change outs and upgrades scheduled for 2017, as was identified in the Capital Improvement Program this year.

## Legal Department – Expenditures

The City Attorney provides civil legal service, preparing and review of ordinances and other legal documents to which the City is a party, maintaining up-to-date legal research materials including pending and adopted state legislation with municipal impact and personnel matters. A percentage of legal costs are shared with the MDRT, Street and Utility Fund budgets. The Legal Department's budget has gone up in 2017 largely due to legal rate increases, union contract costs and an increase in public disclosure requests.

## Municipal Court - Expenditures

The Black Diamond Municipal Court operates adjacent to the Police Department on Lawson Street, and is a court of limited jurisdiction. From 2011 to 2015, the Court has averaged 1,064 filings per year. In 2016, the Court has seen a significant increase in cases filed. As of August, there have been 1,470 filings with a projected total of over 2,200. This includes both criminal and noncriminal cases. These cases involve infractions, misdemeanors and gross misdemeanors. Other matters such as felony cases are filed and disposed of in King County Superior Court.

Court is in session, and is open to the public the 2<sup>nd</sup> and 4<sup>th</sup> Wednesday of each month. Budget for the Court includes contracted services provided by a Judge, one full time Court Administrator and an increase in budget from a part time on-call Court Clerk to a full time position to support the increased volume of filings. Budget is also provided for security and other miscellaneous expenses such as interpreters, office supplies and training.

## Police Department - Expenditures

### Black Diamond Police Vision

With our values at the forefront, the Black Diamond Police Department will be an open, friendly, and community-minded organization devoted to quality public service. We aspire to be a model of character and service. We will emphasize the development of professional knowledge and leadership skills at every level of our organization. We will promote an atmosphere of public trust and confidence through professional conduct, being responsive to community needs, and accountable to those we serve.

### Black Diamond Police Mission Statement

The Black Diamond Police Department will strive to maintain the trust and confidence of our citizens through proactive policing and demonstration of our core values.

In May of 2016, Safe Wise listed Black Diamond as the 9th safest city in Washington State; up from 22<sup>nd</sup> from 2015. A key component of how we keep our crime rate low is taking a proactive approach to crime prevention and being highly visible within the community.

Other responsibilities in our department include proactive crime prevention tactics, problem-solving in a collaborative manner with community groups, crime reduction action plans, criminal investigations, traffic enforcement, accident investigations, traffic school education, reserve officer program, and instruction of the DARE program.

The 2017 budget request includes filling one frozen officer position. This new position will serve primarily as a commercial vehicle enforcement/traffic officer.

## Communications

Communications is broken down into several categories including, Valley Communications costs (dispatch, MDC, net motion, access charges), King County 800 MHz radio cost, Auburn's monitoring of after-hours WSP access, telephone, cell phone, DSL, King County I-Net, WSP Access (this is going from \$178.00 to \$200.00, effective Jan. 1<sup>st</sup>, 2017), postage, and King County Maintenance and Repair (which covers both in-car radios and portables), cell phones (which now serve as our "hot spot" connectivity to MDC-Internet). I estimate 2-3 antennas (\$31.00/each) and 2-3 batteries (\$34.00/each) and clips. The 2017 costs are estimated to be \$40.79 and 2018 increasing to \$42.75.

## Jail Services-Prisoners and Detention

The Jail Service budget covers the cost of confinement, electronic home monitoring, work crew, and medical costs associated with offenders serving time through Black Diamond Municipal Court. Our primary booking facilities are the Enumclaw Jail (daily rate of \$60.00), Issaquah (daily rate of \$97.00/no booking fee) and the SCORE Jail. SCORE Jail charges daily rates of \$157 per prisoner. The King County Correctional Facility (KCCF) is used as a back-up facility. In addition, prisoners who have certain medical conditions, such as mental health concerns or who pose an unusual danger to themselves or others are booked into the KCCF (2017 rates are \$188.33 daily fee plus booking fee of \$193.90). Yakima County is currently used for long term sentences only. Yakima's current contract rate is a daily rate of \$54.75.

The Court continues to utilize alternatives to incarceration where appropriate. The City currently has a contract with King County work crew. The City also utilizes several home monitoring companies for those who are sentenced to those conditions. The City will continue working with the courts to insure that these alternatives are being used for any eligible offenders.

## Fire Department - Expenditures

The City of Black Diamond contracts with Mountain View Fire and Rescue, formerly King County Fire District No. 44, for fire services. The department's responsibilities include providing a minimum of two personnel on duty 24 hours a day, seven days a week in Black Diamond and providing rescue, fire suppression, fire prevention, fire marshal services, emergency medical services, disaster services, hazardous materials response, dispatch services, administrative services and public education activities to citizens. Fire investigation services are contracted through the King County Sheriff's Department. The 4 percent increase in the 2017 budget recognizes cost of living increases agreed to in the 2008 Interlocal Agreement between the City and Fire District.

The King County Mental Health program includes chemical abuse and dependency services that are partially funded with a 2% portion of quarterly liquor profits, and liquor excise tax revenue from cities in the county. The Puget Sound Clean Air Assessment is a per capita fee paid to this agency for the protection of air quality in the area. The Recycle Program is 100% funded through King County's Solid Waste Division, and includes a grant for recycling events and educational materials.

## Community Development - Expenditures

This department provides for the City's long-range planning, and land use and building permitting functions. The department also provides staffing to the City Planning Commission and performs code enforcement activities to address nuisances, code violations, and other issues. The department consists of a Director and a part-time Permit Technician. The City entered into a cost-saving interlocal (ILA) agreement with Maple Valley for building and planning services. Our City's share of the budget in 2017 is \$100,000 for the Building Official and \$10,000 for a shared Plans Examiner.

The 2017 budget increased with a full time onsite Planner, as well as another full time Permit Technician. Increased building activity as well as inspections for the Black Diamond Elementary School requires the increased budget.

## Master Development Review Team - Expenditures

This department was established to provide specific focus on the Master Planned Developments. There are two developments, The Villages (Ten Trails) and Lawson Hills. The Review Team is 100% funded by the Developer to remove the financial burden from the City and to provide staff to review and process applications and permits for the developments.

The Master Development Team also works closely with consultants hired to assist with financial analysis, civil and traffic engineering, environmental, surveying and geotechnical services. Their services are used to provide consulting and review of the Master Plan Developments according to the Development Agreements. The budget increased in 2017 due to the Senior Planner vacancy going from 75% full time to full time. The budget also includes overtime for the Building Inspector and for the MDRT Director. Not included in this budget is \$80,500 for the Clerk/HR position (tier 2).

## Parks Department - Expenditures

The Parks Department operates and maintains the following amenities: a basketball court, tennis court, skate park, 3 picnic areas, a boat launch, 5 coal car City entry monuments, BMX bike track, swimming area, 143 acres of passive lake front park with trails, City center viewing park, Historical monument park, 2 playground facilities and landscaping around the police building. The Park Department provides the insurance, utilities and maintenance for the Recreation Center (gym) and utilities plus insurance coverage for the local museum. Costs associated with the ownership of resource lands also falls to the Park Department. The Public Works staff provides the administration and planning functions for the Park Department. This year the City has set aside \$10,000 to supplement the Community Center budget. Small increases in supplies and services, with a reduction in Gym costs resulted in a 16.1% overall increase to the Parks Budget in 2017.

## Black Diamond Cemetery - Expenditures

Black Diamond Historical Cemetery is located in Black Diamond. The cemetery was founded in 1884. It sits on Cemetery Hill Road, off Roberts Drive, hidden by a row of trees.

The earliest gravestone dates back to 1880 and now contains over 1,100 graves. The tombstones show cultural diversity and tragedy that existed in town when coal mining was at its peak. At least half a dozen graves belong to those of mine workers who died in explosions in 1902, 1910 and 1915. Graves mark residents who came from countries such as Italy, Australia, Russia and Germany. A Civil War veteran was laid to rest there, as well as children who died in the early 1900s due to epidemics of small pox and influenza.

The City operates and maintains the historic Black Diamond Cemetery. This involves coordinating burials, sale of plots, providing physical burial, and maintaining the grounds. The burial fees are set to cover the costs associated with the services. The Cemetery is supported by the General Fund. The Public Works crew mows and trims the cemetery once a week during the heavy grass growing months and once every two weeks or so for the drier months during the growing season. Public Works staff provides the planning and administration services for the Cemetery Department.

Black Diamond Show Hall was home to stage productions, dances, union meetings, holiday events, boxing, and movies. The movies were a dime, and young children would sneak in by hiding under women's skirts to get in for free.

## Central Services - Expenditures

Central Services provide the budget that captures shared costs for General Fund departments, including office and operating supplies, software maintenance costs, copier costs, postage, advertising, utilities, custodial services, building insurance, credit card and banking fees. Costs that benefit a variety of departments are paid from Central Services and then allocated through cost allocations.

# Special Revenue Funds

These are funds established by governments to collect money that must be used for a specific project. Special Revenue Funds provide an extra level of accountability and transparency to taxpayers that their tax dollars will go toward an intended purpose.

## Street Fund

**Street Department** responsibilities include maintaining, planning and upgrading public streets and sidewalks. Major maintenance activities include maintaining the street signs, pavement stripes and markings, roadside brush, trees and vegetation control, street lights, pavement, signals, sidewalks and shoulder grading. Other activities include managing the right of way, street capital planning, seeking grant funds and addressing traffic safety issues.

Revenues from gas tax and Transportation Benefit district (TBD) car tab fees are the primary sources of funds for the Street Department. All cities struggle to pay for street maintenance costs, as shared gas tax revenue does not keep pace with the costs. In recent years, including 2016, the Street Fund had required a transfer of Real Estate Excise Tax (funds for street improvement projects) to maintain the city's roads and sidewalks. Beginning in mid-2015, the city created a Transportation Benefit District (TBD), which receives \$20 per car registered to Black Diamond residents or businesses. This money is required to be used exclusively for road maintenance and operations and has eliminated the need for REET subsistence.

The 2017 budget increased primarily due to increased maintenance costs and a reduction in allocations to capital projects.

## Projected Street Fund Ending Fund Balance

Note: 2018 Transportation Benefit District forecast includes a mid year car tab fee increase from \$20 to \$40 .  
This would allow some additional Street Equipment or Grant Matching fund for Street Grants in the future.

## Fire Impact Fee Fund

Per City Ordinance 12-980, Fire Impact Fees are charged to new development and building expansions within the city limits. For a new residential home in Black Diamond, the fee is \$1,783.13.

The implementation of the fee came after a 2011 Fire Impact Fee Study, which developed the methodology and to ensure compliance with Washington laws and city code. Future capital costs will be funded with a combination of impact fees and city funds.

## Transportation Benefit District Fund

In order to address declining revenues that support the Street Department, the City established a Transportation Benefit District. The City collects a twenty dollar vehicle license fee pursuant to RCW 36.73.065 and RCW 82.80.140. Currently there are more than 75 TBD districts in Washington State. This revenue supports roadway striping, traffic signage, pothole repair, vegetation removal, street lights, pavement, signals, sidewalks and shoulders among other transportation issues such as safety concerns.

## Traffic Mitigation Fund

The Traffic Mitigation Fund was created in August 2016 by Resolution 16-1118 for the purpose of receiving funds from the Enumclaw School District, an agreement with the city to contribute a portion of improving four intersections from the impact of a new school in Black Diamond. These improvement projects include intersections at Highway 169 and Roberts Drive, Baker Street, Third Ave and Park Street.

## Internal Service Funds

This fund is used for operations serving other funds or departments within the city.

Black Diamond has one such fund, Equipment Replacement that collects money from other departments to build up resources to replace capital equipment, such as Police and Fire vehicles as well as Public Works equipment.

The Police Department will replace four aged patrol vehicles in 2017, and money is set aside in 2017 for the Police radio 750 MegaHertz conversion requirement.

Joe Krause stands behind his ornate bar in the turn-of-the-century Black Diamond. He kept the kegs cool in the stream, and older boys learned to build a dam upstream until a small pond formed. They would then break the dam and the kegs were set loose for the boys to find and partake of later!

## Utility Funds

Utility funds are used for services provided to the public on a user charge basis, similar to the operation of a commercial enterprise.

Black Diamond has Water, Sewer and Stormwater utilities.

## Water Operating Fund 401

The Water Department provides safe high quality reliable drinking water to the residents of Black Diamond except for the residents on the Covington Water District around Lake Sawyer. The water utility is responsible for the operation and maintenance of the city's springs, fences, access roads, power lines, backup power, control systems, water storage tanks, water treatment systems, pump stations, water main, water quality testing, fire hydrants, meter reading and maintenance, and billing. The average Black Diamond household receives very high quality drinking water delivered to their house under pressure to drink, wash dishes, wash clothes, shower and bathe, brush teeth, cook, water plants and landscape, mop and clean, flush toilets and provide fire protection.

Building activity and the new elementary school construction project has increased water sales (miscellaneous) revenue in 2016, and is expected to increase in 2017. The 2017 wages and benefits primarily increased due to a 10% allocation of the City Clerk cost, and an increase in maintenance and finance costs.

Cash & Investment Balance needs to cover three months of operating expenditures per city resolutions No. #08-850 & 13-866.

2017 & beyond includes revenue from water sales to 10 additional homes due to completion of Shake n Bake project

The six year forecast includes only 2% additional revenue from growth.

Current Water rates will cover 2% expenditure growth and allow funds to be accumulated to for future debt service or capital projects.

## Projected Water Fund - Ending Fund Balance

## Sewer Operating Fund 407

The Sewer Department collects sewage from the homes and businesses in the old section of town for treatment and discharge. The area around Lake Sawyer is primarily served by individual on-site waste water disposal septic system and a small area at the Northwest end of the Lake served by the Soos Creek Sewer system. The sewer utility provides for the planning, operation and maintenance of 17.5 miles of sewer lines and manholes, and 4 pump stations and provides local customer service and billing. This sewer utility also contracts with the King County for transmission and sewage treatment plant in Renton for treatment, discharge and bio-solids handling.

Of note is that even with rate increases, the revenue collected by the sewer utility has not been covering the cost of the operations, maintenance and administration. At some point the city will need to raise the local charges to bring the fund into balance. The 2017 Budget includes both a pass through 5.2% Metro Sewer Rate increase and the related city portion increase effective January 1, 2017.

Cash & Investment Balance needs to cover three months of operating expenditures per City Resolutions No. #08-850 & 13-866 .

2017 Estimates include the KC Metro Pass through rate increase and the annual city inflationary increase.

Growth or rate increases will need to be in place to cover costs. While the Sewer Reserves still has approximately \$601,874 at the end of 2016, the reserves would be depleted by 2019 if growth, rate increases or structural changes are not made. The Metro rate increases cause increases in State and City taxes which need to be covered out of the City share of the rate. The modest inflationary increases to the city portion are not keeping pace with expenditure increases. A rate study is planned for spring of 2017.

## Stormwater Operating Fund 410

The Stormwater Utility maintains 9 storm ponds, 9 miles of storm pipe, 572 catch basins, two bio-infiltration systems, one stormwater filter system and approximately 20 miles of ditches and flow paths. These activities help preserve the public road system and protect the environment. The city is also in charge of various activities dealing with controlling stormwater quality including education, enforcing stormwater codes on construction and new development, monitoring private stormwater systems maintenance, monitoring the effectiveness of city programs, monitoring water quality, participation in WIRA 9 Water Quality Initiative, providing coverage for the Endangered Species Act claims and reporting to the Department of Ecology.

The Stormwater Utility mitigates the storm water impact of urban living on the environment for \$16 per month per household. The 2017 Budget primarily increased due to a 10% allocation of City Clerk/HR and maintenance costs.

Cash & Investment Balance needs to cover three months of operating expenditures per city resolutions No. #08-850 & 13-866.

A potential \$2.00 rate increase was calculated for 2018 to show how this would affect cash balances.

Operating Revenue does not support Street Cleaning and Maintenance until 2020 to 2022.

Growth from Oak Pointe is only included at 2%. If growth occurs at a faster pace, the amount of rate increase will vary.

#### Projected Stormwater Fund - Ending Fund Balance

## Capital Funds

Capital Projects funds are used to account for the construction or acquisition of buildings, equipment and roads. Depending on its use, a fixed asset may instead be financed by a special revenue fund or a proprietary fund. A capital project fund exists only until completion of the project.

## Real Estate Excise Tax 1 – Fund 310

Washington State levies a real estate excise tax (REET) on all property sales of 1.28% of a property's full selling price. A locally-imposed tax is also authorized, though the rate and uses of the funds differ by population size and whether the city or county is planning under the Growth Management Act (GMA). All cities are allowed to levy a 0.25% tax on property sales (REET 1), cities and counties that are planning under the GMA may also levy a second quarter percent tax (REET 2).

Black Diamond levies both REET 1 and REET 2, combined to bring total Real Estate Excise Tax to 1.78%. Every city in King County levies both REET 1 and 2, with the exception of Skykomish, which collects .25%. This REET 1 fund, is specifically to be used for General Government Capital Projects, Fund 310, and General Government Capital Expenditures in the 510 Fund. After December 31, 2016, there are increasing limitations on REET monies used for maintenance.

## General Government Capital Projects Fund 310

The 310 General Government Capital Project Fund is primarily funded by REET 1 and grants. Projects planned include funds to acquire land for the Ginder Creek property rehab. Also money has been set aside for the Comp Plan Update, police and government technology, and signs for the gym and for way-finding.

## Real Estate Excise Tax 2 – Fund 320

The collection of REET 2 is authorized by RCW 8245.010 and can be used for capital projects. This part of the real estate excise tax may only be levied by cities that plan under the Growth Management Act.

Specifically, one quarter percent of the real estate excise tax is to be used for public works projects for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, planning, construction, reconstruction, repair, rehabilitation, or improvement of parks.

Midyear in 2011 the Washington State Legislature authorized for five years the usage of up to \$100,000 of REET monies for the maintenance of capital assets, but after December 31, 2016, there are increasing limitations on REET monies used for maintenance. REET 2 monies in Black Diamond are transferred to Fund 320 for Street and Public Works capital projects. For detailed projects, see the 320 Fund section on the next page.

## Public Works Capital Projects Fund 320

The Public Works Capital Projects Fund 320 receives funds largely from grants and REET 2, for street, sidewalk, trail and capital facilities projects. Projects in the budget for 2017 include Roberts Drive rehabilitation, citywide chip and seal, and asphalt overlay.

Street projects that are 100% developer funded, are planned for 2017 but are not included in the 2017 Budget. They are T3 – Annexation Road (now Villages Parkway SE, T4 – Lake Sawyer Road Extension (now Willow/Dogwood), T19 – Roberts Dr/Lake Sawyer Rd Extension, and T17 – Ravensdale/169 Interchange for a total of \$5,900,000. Project T9, 232nd Ave SE, was deferred by Public Works until 2018.

## WSFFA Fund 402

The Water Supply Facility Funding Agreement (WSFFA) holds the budget for implementation of various water sources, storage, springs rehabilitation and water transmission projects, funded by major property owners within the city according to the Water Supply and Facilities Funding Agreements.

The concept to rehabilitate the city's water source has shifted from trying to protect and rehabilitate the existing open springs, replacing pipes over the steep slope, and reconstructing the river crossing, to tapping an artesian spring on the north side of the river, changing the water right point of withdrawal, and securing an easement from State Parks.

This capacity and system reliability project includes a new pumping system, an updated chlorine system, and replacing the transmission main back to Black Diamond. The City's draft Capital Improvement Plan 2017 – 2022 describes this project in more detail.

## Water Capital Fund 404

Capital Projects associated with the Water Utility are included here. The city collects capital facility charges from new customers when they connect to the water system to cover the cost of new capacity, adding project and upgrades to the existing water system, and to cover debt service for the acquisition of water supply. Very little capital facility funds have been collected in recent years because of very little growth. Net revenue from customer charges after paying for regular maintenance and operations are to cover the cost of system replacement projects in this fund. However the Water Operations fund has not been able to generate net revenue in order to set aside funds for repair or replacement projects. More detail on these and other projects can be found in the draft Capital Improvement Plan 2017 – 2022.

## Sewer Capital Fund 408

Preliminary engineering for the Cedarbrook Sewer Main project is scheduled for 2017 in the Sewer Capital fund. The sewer fund is loaning \$160,000 to the Police Equipment Replacement fund to replace four patrol vehicles in 2017. More detail on these and other Sewer projects are in the Draft Capital Improvement Plan 2017 – 2022.

City of Black Diamond

## Financial Management Policies

Per Resolution 08-560

Updated for Long Term Planning Per Resolution 13-866

### Background and Purpose

Financial policies provide guidelines for City of Black Diamond's leaders to ensure sound decision-making that safeguards core services while moving the community forward to achieve its vision. Good financial management ensures the City is able to withstand economic fluctuations, maintain focus on the entire financial picture, and adjust to the changing service needs of the community of Black Diamond.

This policy incorporates past financial practices in defining the current policies to be used by the City to meet its obligations and operate in a financially prudent manner. These policies have been established to provide general fiscal guidelines and are intended to provide sound direction in the management of the City's financial affairs.

### Operating Budget Policies

General budget policies ensure service levels are reasonable and attainable and that budget documents detailing revenues and expenditures accurately reflect Council and community goals. The City of Black Diamond budget procedures are in compliance with the Revised Code of Washington, Chapter 35A.33. The City budgets annually on the calendar year beginning January 1<sup>st</sup> and ending December 31<sup>st</sup>. The City Council shall adopt the budget by Ordinance at the fund level. Amendments to the budget that change fund totals will be adopted by the Council through an Ordinance, which is usually done mid-year and year-end.

### Citizen Involvement

Citizen involvement shall be encouraged in the budget decision-making process through public hearings and study sessions.

### Service Level Determinations

The City Council will establish municipal service levels and priorities for the upcoming year to guide staff in developing goals, objectives and budget proposals.

### Conservative Budgeting

The City will use a conservative budgeting approach and accepted analytical techniques including trending, per capita estimates of intergovernmental revenue and sales and property tax estimates based on prior year revenues adjusted for reasonable known growth factors. All positions will be budgeted for a full year.

### Long Term Financial Planning

Long-term financial planning is the process of aligning financial capacity with long-term service objectives. Financial forecasting is the process of projecting revenues and expenditures over a long-term period, using assumptions about economic conditions, future spending scenarios, and other salient variables.

The City shall, utilizing best available, cost-effective practices, engage in collaborative long-term financial planning as part of its overall budget process. To provide insight into future financial planning, such long-term financial planning should combine financial forecasting and analysis with a strategic operational perspective. The overall goals of long-term financial planning\* are to:

1. Balance-Budgets: Recognize the long-term impacts of today's decisions, setting the stage for balanced budgets in successive years by avoiding temporary solutions.
2. Reduce Conflict During Budgeting: Organize financial planning around a consensus-based set of service and financial goals, which sets boundaries on the budget process and creates an understanding of budget priorities.
3. Manage Growth: Optimize the City's ability to sustain operations and support service levels through a financial strategy that balances the needs of new and existing residents.
4. Stabilize Rates: Identify potential peaks and valleys in future revenues and expenses, allowing the City to take countervailing action ahead of time.
5. Provide Planned Services: Provide a process for making decisions about the level of service that government will provide over a multi-year period.

\*Note: See, Government Finance Officers Association, Long-Term Financial Planning for Governments, [www.gfoa.org/ltfp](http://www.gfoa.org/ltfp) - [ltfp@gfoa.org](mailto:ltfp@gfoa.org).

### Maintenance of Facilities and Equipment

Adequate maintenance and replacement of the City's facilities, equipment and technology will be provided for in either the operating or capital budget. As practicable, these expenses will be forecasted in an equipment replacement fund in the operating budget.

### Sustainable Revenue Sources

Ongoing operating program costs will not exceed the amount of ongoing revenue to finance those costs. The ongoing revenue will be identified along with new program costs. Cash balances in excess of the amount required to maintain strategic reserves will be used to fund one-time or non-recurring costs. In the event a fund has an emergency or economic downturn, resources from reserves may be used provided that they are replaced within the next five years.

### Cost Recovery

All taxpayers should not pay for a service that benefits only certain individuals. Therefore, fees will be established where possible to recover costs of such services or programs. Fees for services will be reviewed and adjusted as necessary and at least once a year. Based on Council direction, general taxpayer revenues may be used to subsidize all or a portion of the cost of services.

**Fund Balance Reserve Policies**

Adequate fund balance and reserve levels help mitigate short-term emergencies and the effect of fluctuations in the economy, as well as assist in the financial strength of the City's bond ratings.

**Operating Fund Balance Reserves**

The City's goal is to achieve a 10% reserve of anticipated expenditures in the General Fund Balance over the next five years or more. The reserve will be used to meet seasonal cash flow demands, provide a financial cushion in an economic downturn and meet emergency needs. In the event that the fund balance falls below that amount, the City will work to restore the balance with cost reductions, rate increases and other measures within five fiscal years.

**Contingency Reserve Fund**

A Contingency Reserve Fund may also be maintained in accordance with state law (RCW 35.A.33.145) to meet any municipal extent that could have not been reasonably known at the time of adopting the annual budget. The target balance may be consistent with state law at \$.375 per \$1,000 of assessed valuation.

**Utility Operating Policies**

City utilities are enterprise funds and therefore need to maintain a revenue and expense structure that allows them to be self-supporting with adequate revenue that pays for maintenance, operations, debt service and capital costs. Adequate reserves, rate analyses and budgetary policies steer the utilities toward ongoing self-sufficiency.

**Utility Rates and Fees**

As enterprise funds, all utilities will be self-supporting through rates, connection charges and other fees. Whenever practical, smaller utility increases will be considered more frequently, to avoid large jump in rate payer bills. Revenue will pay maintenance, operation, debt service and provide funds for capital repairs and improvements. Rates and fees will be reviewed at least biennially and adjusted to adequately reflect the cost of services. Every five years a detailed rate analysis will take place to ensure financial solvency of the utilities.

**Utility Fund Reserves**

All utilities will be operated in a manner to ensure an ending annual reserved fund balance in an amount equal to 90 days of annual operational appropriations. In the event that the fund balance falls below that amount or a new utility is formed, the City will work to restore the balance to that level with cost reductions, rate increases and other measures within five fiscal years. The City may use reserves to "smooth" rate increases over a period of years and avoid large jumps in ratepayer bills.

**Debt Management Policies**

The City will maintain adequate available debt capacity to ensure funding for major, high priority projects.

The City of Black Diamond is an infrequent issuer of debt. Debt is primarily used to finance large capital investments. Various state laws limit the City's debt capacity. General obligation debt, backed by the full faith and credit of the City, is limited to 2.5% of the value of all taxable property within the City. That percentage includes councilmanic or non-voted debt (1.5% of property values), and Local Option Capital Asset Lending – a financing contract with the Office of the State Treasurer (39.94 RCW). Revenue bonds rely on a funding source, such as utility revenues, for debt repayment.

**Interfund Loans**

The City will use interfund borrowing when such borrowing is cost effective, thereby eliminating the administrative cost of borrowing when adequate funds are available internally within the City's own resources. The City will not charge interest for such interfund loans that are repaid within six months. For loans beyond six months, the City will set a reasonable timeline for repayment of between one and five years and use the State's Local Government Investment Pool (LGIP) rate.

Interfund loans are permitted to cover cash flow for capital projects, where federal or state grants are approved, but there is a timing issue between city expenditures and the actual reimbursement by the granting agencies. Interfund loans shall be approved by Council with a resolution.

**Bond Rating**

The City will strive to obtain the best bond rating possible to produce the lowest possible interest rate on each bond sale.

**Cash Management and Investment Policies**

At any one time the City may have several million dollars in various funds that are not needed until some point in the future for operations, capital purchases or the repayment of debt. By placing these revenues in State's Local Government Investment Pool (LGIP) until the funds are needed, the City is able to earn interest that in turn serves as a revenue source to reduce costs to the community. Cash and investment policies reduce the City's investment risk.

**Cash Sufficiency**

The City will at all times maintain sufficient cash on hand to meet reasonably expected expenditures for the operating period.

**Investment Goals**

The City's idle cash will be invested on a continuous basis to maximize income. Priority will be given to legality of investment practices, the safety of the asset, followed by liquidity in case a need arises where the City needs access to the funds, followed by yield or return.

**Allocation of Investment Income**

Where permitted, the City will pool its cash resources for investment purposes. Investment income will be re-allocated to the participating funds as much as practical.

**Alternative Financing Schemes and Derivative Products**

The City of Black Diamond shall not utilize alternative financing schemes or derivative products to avoid restrictions imposed by law or to utilize tax loop holes.

**Capital Projects and Planning Policies**

The City of Black Diamond owns considerable assets in roads, a sewer system, water system, storm water system, parks, buildings, equipment and other capital. The preservation, maintenance and future improvement of these facilities are a primary responsibility of the City. Capital items are defined as those projects and purchases costing more than \$5,000 and lasting three or more years.

## Capital Improvement Plan

A Capital Improvement Program (CIP) is a flexible, multi-year plan containing the City's planned capital improvement projects and the recommended financing methods for funding projects. All funds and departments are brought together in a single consolidated plan for an overall view of the City's capital improvement needs. The plan includes the capital facilities element of the City of Black Diamond Comprehensive Plan required by the Growth Management Act and other capital projects that may not fit into the capital facilities category.

Capital projects typically apply to: 1) one-time costs for acquisition, construction, improvement, replacement or renovation of land, structures and major equipment; 2) expenditures which take place over two or more years; 3) funding with debt because of significant costs to be shared by current and future beneficiaries; and 4) systematic acquisition or repair and maintenance over an extended period of time.

### Capital Improvement Plan (CIP) Participation

Citizen participation in the Capital Improvement Program is a priority for the City. Among the activities which shall be conducted to address the need are the following:

- a) The Capital Improvement Plan shall be provided to the City Council in a timely manner to allow time for the Council members to review the proposal with constituents before it is considered for adoption.
- b) Council study sessions on the Capital Improvement Plan will occur during the budget deliberations and shall be open to the public and advertised sufficiently in advance of the meetings to allow for the attendance of interested citizens.
- c) Prior to the adoption of the budget and Capital Improvement Plan, the City Council shall hold noticed public hearings to provide opportunities for citizens to express their opinions on the proposed plan.

All projects included in the Capital Improvement Plan shall be consistent with the City's Comprehensive Plan.

### Internal Consistency

The CIP will be consistent with the Capital Facilities Element of the Comprehensive Plan covering transportation, water, wastewater, stormwater, parks, recreation and general government facilities.

### Funding Sources

City staff will analyze funding sources for all proposed capital improvement projects, including grant opportunities. Under Washington law, the City can only expend revenues from the Real Estate Excise Tax (REET) for capital items. Real estate excise tax of one-quarter of one percent on the sale of real property is currently dedicated to general government capital improvements and a second one-quarter of one percent is allocated to public works projects. Both allocations may be changed by the Council. These designated revenues are collected in the Special Revenue Funds and then transferred to the appropriate funds for expenditures of debt service or capital projects as budgeted. Each REET fund has established a targeted reserve of \$200,000 to \$250,000 to cover an emergency or economic downturn.

### Relationship between Operating Budget and Capital Improvement Plan

The Capital Improvement Plan, as distinguished from the Operating Budget, is a multi-year financial plan for the acquisition, expansion, or rehabilitation of infrastructure, capital assets, or productive capacity of City services. Only those projects scheduled during the first year of the plan are adopted as part of the City's annual budget. Additionally, projects to be funded by bonds or "alternative funding" are budgeted when the funding is secured.

**Accounting, Financial Reporting and Auditing Policies**

The City was incorporated in 1959, and operates under the laws of the State of Washington applicable to a Non-Charter code City classification adopted in 1990 with a Mayor-Council form of government. The City is a general-purpose governmental entity that provides general government services including law enforcement, fire, street improvement, parks and general administrative services. In addition the City owns and operates a water, sewer and drainage system.

**Accounting and Budgeting System**

The City of Black Diamond will establish and maintain a high standard of accounting practices. Accounting and budgeting systems will at all times conform to the State of Washington Budgeting Accounting Reporting System (BARS) and federal and state regulations. Cities with populations under 25,000 are classified as category 2 cities and use the allowed accounting. The accounting is single-entry, cash basis accounting, which is a departure from generally accepted accounting principles (GAAP). The city uses the revenue and expenditure classifications contained in the Budgeting, Accounting and Reporting System (BARS) manual. The manual is prescribed by the State Auditor's Office under the authority of Washington State Law, Chapter 43.09 RCW.

**Financial Reporting**

**Reporting frequency** –Monthly budget and actual reports are distributed to all departments. Quarterly reports, as a minimum frequency, are presented to the City Council.

**Annual Report**-Will be completed by May 30<sup>th</sup> and is distributed to the City Council, departments and the State Auditor's Office.

**Reporting Improvements** -The City will strive to continue to make improvements in its financial reporting so that information available to the public, the City's governing bodies and other city departments is clear and the best available for sound financial decisions.

**Accounting System**-A comprehensive accounting system is maintained to provide all financial information necessary to effectively operate the City.

**Full Disclosure** -All public reports are to contain full and complete disclosure of all material matters.

**Audit Policy**-The City will assist the State Auditor's Office in whatever way possible in conjunction with the preparation of the audit every two years and will implement modifications identified by the State Auditor to improve the City's internal controls and financial practices.

**ORDINANCE NO. 16- 1082**

**A ORDINANCE OF THE CITY COUNCIL OF THE  
CITY OF BLACK DIAMOND, KING COUNTY,  
WASHINGTON, ADOPTING THE BUDGET FOR  
CALENDAR YEAR 2017**

**WHEREAS**, the Preliminary Budget was submitted to the City Council by the Mayor on September 29, 2016; and

**WHEREAS**, the City Council held public hearings on November 17<sup>th</sup> and December 1<sup>st</sup>; and work studies on September 29<sup>th</sup>, October 13<sup>th</sup>, October 18<sup>th</sup>, October 27<sup>th</sup> and November 10<sup>th</sup>; and

**WHEREAS**, a copy of the Budget was on file with the City Clerk for examination by the public during the time it was being considered by the City Council;

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BLACK DIAMOND, WASHINGTON, ORDAINS AS FOLLOWS:**

**Section 1.** The annual budget of the City of Black Diamond for the 2017 calendar year, a copy of which is on file with the City Clerk, is hereby adopted by reference as the annual budget for the City of Black Diamond for calendar year 2017.

**Section 2.** The budget and information contained herein remain provisional to the extent they are subject to mandatory bargaining with the City's collectively bargained employees as required by Washington law. Changes that are required by collective bargaining shall be subject to approval by the City Council as a Supplemental Budget Ordinance.

**Section 3.** Estimated resources and full time employee equivalents (FTEs) for each separate fund, aggregate expenditures, and ending fund balances for all such funds, are set forth in summary form below, and are hereby appropriated for expenditure at the fund level with the exception of the general fund which is appropriated at the department level per Exhibit A. ~~The total estimated revenue from all sources, and expenditures and by fund as set forth in the 2017 budget document adopted by reference, are as follows:~~

**Section 4.** The line items shown in Exhibit B shall not be transferred or exceeded without approval of the City Council.

**Section 5.** A contingency fund is created to provide resources for unanticipated legal services, liabilities, and emergencies. No funds may be expended or otherwise encumbered from this fund without Council approval.

The fund shall be initially funded and maintained at the full limit authorized under RCW 35A.33.145 which at this time is \$266,112. The ending fund balance shall be reduced to initially fund this contingency fund.

**Section 6.** All increases in FTE levels shall be subject to approval of the City Council.

**Section 7.** Any funds appropriated for designated FTEs or wages and benefits shall not be appropriated to other FTEs, contracted out, or expended for any other purpose except as part of a Supplemental Budget Ordinance. This includes existing consultant contracts and applies to all Departments, Funds and the MDRT. The Mayor shall immediately notify all consultants that funding may no longer be available and submit for Council approval any contracts that the Mayor may wish to continue. All other contracts, or contracts that the Council does not approve, shall be terminated and the funds restored to the applicable FTE and wages and benefits line items.

**Section 8.** 2017 ending fund balances for all funds shall not to be reduced except by approval of the City Council.

**Section 9.** Any additional Revenues that exceed projected levels shall be placed in Unanticipated Revenue Funds applicable to the Revenue source. These funds shall not be expended or otherwise encumbered until appropriated by the City Council.

**Section 10.** As authorized by RCW 35A.33.140, the Clerk shall submit quarterly reports to the City Council showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources.

**Section 11.** Notwithstanding any provision in BDMC 2.90, no funds in this budget, including the MDRT, may be expended or otherwise encumbered by contract without approval of the City Council.

**Section 12.** Of the appropriation for the Finance Department, \$106,000 shall not be expended or encumbered until the Mayor has provided documentation that will allow the Council to verify that all three conditions of BDMC 3.23.030 have been met. Further, these funds shall not be expended or encumbered until the Mayor has submitted and the Council has approved contracting, hiring, purchasing and disbursing policies that implement effective internal controls.

**Section 13.** Of the appropriation for Legal Services, \$100,000 shall not be expended or encumbered until the City Council has approved a contract or contracts for legal services.

**Section 14.** Of the appropriation for Community Development, \$240,000 shall not be expended or encumbered until the Mayor has appointed and the City Council has confirmed a Community Development and Environmental Review Officer in accordance with the provisions of RCW 35A. 12.020. This appointed officer shall be the designated SEPA Responsible Official and shall have management authority over the Community Development Department and the MDRT. This position shall report directly to the Mayor or the City Administrator.

**Section 15.** Of the appropriation for the City Administrator, no funds shall be expended or otherwise encumbered until the Mayor has appointed and the Council has confirmed an appointed City Administrator. The funding level is based on this position being filled for the second half of the year.

**Section 16.** Of each of the appropriations for the City Clerk, Finance, Police Department, Fire Department, MDRT, Community Development, and Street Fund 101, Water Operating Fund 401, and Sewer Operating Fund 407, \$50,000 shall not be expended or encumbered until the Mayor has submitted and the Council has approved a policy regarding staff support for the City Council's legislative work.

**Section 17.** Of the appropriation for the Master Development Review Team, \$100,000 shall not be expended or encumbered until the Mayor has provided documentation that the Annual Review items "a" through "h" and the Fiscal Analysis have been accomplished.

**Section 18.** Of the appropriation for Stormwater fund 410, \$90,000 of line item 10 shall not be expended or encumbered until the Mayor has submitted for Council approval a code revision ordinance to fully implement AKART, the most current stormwater management manual and regulations, and Low Impact Development standards.

**Section 19.** All expenditures to implement or construct the following Capital Projects shall be subject to final design approval and/or contract approval by the City Council:

## 2017 Adopted Budget

### Exhibit C

The following amendments to the published budget on file with the Clerk's office are adopted.\*

\*The Clerk and Finance Director are authorized to incorporate these changes into the Budget Document and change totals as required.

Page 7, change Mayor to City Attorney to dotted line and Council to City Attorney as solid line.

Page 7, change Organizational Chart to conform with Section 14 of Budget Ordinance.

Page 12, add line item for City Administrator at \$97,420 expenditure for second half of year

Page 12, change line item 34 to delete "& Econ Dev".

Page 12, change line item 34, 2017 Budget to allocate \$97,420 to City Administrator.

Page 37, change "Planning" wages and benefits to "Director of Planning, Development and Environmental Review" \$110,000 wages and \$36,000 benefits to cover expenses for 9 months.

Page 37, add line item for "Planning consulting to update Comprehensive Plan" at \$50,000.

Page 37, add line item for "Landmarks and Arts Commission" at \$15,000.

Page 38, allocate \$97,420 to "City Administrator" from Wages and Benefits. These funds will come from the second half appropriation for the MDRT & Economic Development Director.

Page 38, allocate \$50,000 to "Planning consulting to update Comprehensive Plan".

Page 38, delete designated consultants and detailed 2017 Budget appropriations, leaving only a total of \$388,000. Add note to text: "Determination of consultants, work-scopes and contract levels subject to approval by the City Council after consultation with the Mayor, staff and the Developer in a manner that is consistent with the Development Agreement."

Page 38, add \$50,000 to "EIS SEPA legal".

Page 29, add line item to Legislative Budget: "Contract for Parliamentarian" at \$6,000.

Page 64, Under Fund 320, delete line item number 14 and move funds to line item 24. Revise CIP to show these expenditures in 2018.

Page 68, Under Fund 410, delete line item 8 and move funds to line item 16.

What you have before you is my “Reform City Hall” Budget.

It consists of a revised budget ordinance and Exhibits that show amendments to the Budget Document itself.

You will all need several days to review this Substitute Ordinance and prepare any amendments that you want the Council to consider.

At the end of tonight’s meeting I plan to move that we reconvene on Monday or as soon as possible to work through any amendments to my Substitute Ordinance and then vote to adopt it.

The Reforms that are included in my Budget Proposal are broken down into four categories.

The First category of Reforms includes what I call the “Stick to the Budget” Reforms. Many people are surprised to find out that even though the Council approves a certain amount of money for the parks department and the police department and so on, the Mayor can move money around between departments without informing the public and without even informing the Council. It’s the same deal with the individual line items. Any Department can move money around at will.

In the past, the Council approved a “Fund Level” Budget, and that’s what allowed this to occur. I call a “Fund Level” Budget a “Sham” Budget. So, my proposed budget is a Department Level Budget. This means that money cannot be moved around between departments without public notice and a vote of the Council.

My proposed budget also identifies certain line items that can’t be manipulated as well. Now, it wouldn’t make sense to make every line item inflexible, but not all line items are created equal, and some need to be firm.

The Second Category of Reforms is what I call the “Responsible Contracting” Reforms.

I have been shocked to find out that the Administration has been signing contracts without competitive bids and without even notifying the public or the Council. It took a citizen to get file a public disclosure request to get copies of all these contracts. I brought copies of the list if you want to see them. Even Councilmembers didn't get this information.

State law clearly states that the Council is the contracting authority for the City. But in the past, the Council gave the Mayor some limited authority to sign contracts without Council approval up to a certain limit. The intent was to allow the Mayor to get some work done expeditiously.

This was a good idea in the past, but this practice has been too often abused. I don't want to reopen the battles of the past or play the blame game. But the practice of signing contracts without Council approval is ending with this Budget. My proposed budget puts tight restrictions on contracting out. Not one dollar in this budget can be contracted out without Council approval.

And this especially applies to the section of the budget called "Legal Services". Earlier this year the Council voted to give a contract to Vancil Law and voted against a contract for Kenyon-Disend, but the Mayor has signed a series of serial contracts with Kenyon-Disend and there they are despite the wishes of the Council. This will end January 1 because from now on not one dollar may be spent for legal services without Council approval. This is the way the State law is written; this is what the Attorney General says, and this is what former Supreme Court Justice Phil Talmadge said.

My "Responsible Contracting" Reforms also apply to the Master Development Review Team. Last year my questions about the MDRT were answered by "You have nothing to do with that part of the budget". This year the Council is stepping up to its responsibility to properly manage every dollar of expenditure, and that must include the work that is determining the future of everyone who lives in our City.

The Third Category of Reforms is what I call the "Accountable Spending" Reforms.

The people of Black Diamond give their taxes and fees to the City Council to provide services. The City Council then decides how to spend that money and then the Mayor gets to spend it. That's what's meant when we say that

the Council has the purse strings. That's the way State law says it is supposed to work.

My Substitute Budget Ordinance establishes performance objectives for some of the departments. These objectives are plainly written and they are enforced by holding back money in the budget until those objectives are met and the Council approves a Supplemental Budget. This is the first time that this has been done in Black Diamond.

Another thing that we do for the first time is to create a Rainy Day Fund that is in a Lockbox. In the past the City's reserves were included in the Ending Fund Balance with no specific identification and no special protections. My Substitute Budget Ordinance creates a specific fund that cannot be spent without a request by the Mayor and the approval of the Council. This fund will grow consistent with State law and provide at least some protection against unforeseen circumstances.

The Council has a duty to do more than just provide a checkbook. The Council has a duty to make sure that every dollar is spent on the policies and ordinances that the Council has adopted. My Substitute Budget Ordinance is the first step in making Spending Accountable.

The Fourth Category of Reforms is what I call the "Control and Manage Growth" Reforms.

This City is planning to spend \$1,667,583 to supposedly control and manage growth, but we do not have a qualified SEPA official, a qualified Code and Permit Compliance official, a qualified Environmental Scientist, or a Director of Planning.

We also don't have what is the most important position to control and manage growth: A qualified City Administrator.

My Substitute Ordinance provides funding for an new appointed position that would be appointed by the Mayor and confirmed by the Council. This position is called the: "Development and Environmental Review Officer". This position would report directly to the Mayor. All employees in the Community Development Department and the MDRT would report to this powerful new Official.

My Substitute Ordinance also provides funding for a City Administrator for the last six months of 2017. This will allow time for a proper selection process.

Both of these positions can be funded with existing funds. What I did was simple. I listened to the public for several years, I looked at other cities, and I used my own common sense. A City that is facing the challenges of the biggest proposed land development project in King County's history needs an excellent City Administrator, and an excellent Development and Environmental Review Officer. Any budget that spends about 1/4 of its General Fund on planners and doesn't provide these two critical two positions needs major reform.

My Substitute Ordinance is the first step in reforming how we control and manage growth.

By now I know what some of you may be thinking. This is too much to consider so late in the year. Why didn't you bring this to us months ago?

Well, we all know how this Council has been obstructed this year. My Budget Committee was refused staff support by the Mayor. For the past few months Council committees were not allowed to meet on city property. My requests for information were often neglected or dis-respected. Once I was even told that my email requesting information would not be answered unless I removed my title as Budget Committee Chairman from my signature.

Despite the obstacles my Vice Chair Erika Morgan and I kept doing our jobs, and the biggest job is this budget.

Budgets are not rocket science. Common sense and a commitment to the needs of the people is all you need to write a good one.

Budgets are also not set in stone. Next year we will have many opportunities to amend this budget if it becomes necessary.

Budgets are based on a good partnership between the people paying the bills and the people who are doing the work.

Our Substitute Budget Ordinance speaks for itself. It is a Reform Budget and it will lead to better partnerships, better service, and a better community.

I look forward to considering any amendments that you may have, but I urge you to vote yes on a truly historic and forward thinking budget.

## CITY OF BLACK DIAMOND

### Interoffice Memorandum

**TO: BLACK DIAMOND CITY COUNCILMEMBERS**

**FROM: MAYOR CAROL BENSON** *Carol Benson*

**SUBJECT: VETO OF SUBSTITUTE BUDGET ORDINANCE (AB16-091)**

**DATE: 12/27/16**

Members of the City Council:

I have vetoed the attached Substitute 2017 Budget Ordinance (AB16-091) under authority provided by RCW 35A.12.100.

Pursuant to RCW 35A.12.130, I am "returning" this ordinance to you and providing the following written reasons for the veto:

- The substitute budget ordinance was not timely provided to the public, the Council as a whole, the Mayor, the City Attorney, or the Finance Department for review, public hearing, comment, and analysis. Because the proposed substitute budget was not revealed to the public, the administration, or the Council as a whole until December 15, 2016, it fails to meet the procedural requirements of Chapter 35A.33 RCW.
- The substitute budget ordinance was not prepared in an open and transparent manner.
- The substitute budget ordinance is not balanced, which is required by RCW 35A.33.075.
- The substitute budget ordinance subjects the City to substantial risk of litigation and liability.
- The substitute budget ordinance unlawfully infringes on the powers granted to the Mayor by state law.
- The substitute budget ordinance makes impossible or impractical the orderly administration of City business and the provision of essential City services.
- The substitute budget ordinance violates the single-subject and clear-title rule of RCW 35A.12.130.
- The substitute budget ordinance is improper for all the reasons stated in the 15 proposed amendments offered by Councilmembers Deady and Edelman during the Special Meeting on December 22, 2016.

The Council may reconsider this ordinance pursuant to RCW 35A.12.130 at the Special Meeting scheduled for Tuesday, December 27, 2016. Alternatively, the Council may consider and adopt my original 2017 Budget (AB16-088A), which is balanced, compliant with state law, and does not suffer from the numerous legal and accounting deficiencies found in AB16-091.
